

Brother offers products and services that meet the needs of customers all over the world through our global network

The Brother Group started in 1908 as the Yasui Sewing Machine Co., which operated a repair business for sewing machines. Brother Industries, Ltd. was established in 1934 as an enterprise to manufacture and distribute sewing machines.

Since establishing a sales company in the United States in 1954, the Brother Group has positively expanded business operations on a global basis. Today, we have 17 manufacturing facilities and 52 sales facilities in 44 countries and regions (as of July 2013).
