Save all packing materials and the carton.

 *The interface cable is not a standard accessory. Please purchase the appropriate interface cable for the interface you intend to use (Parallel or USB).*

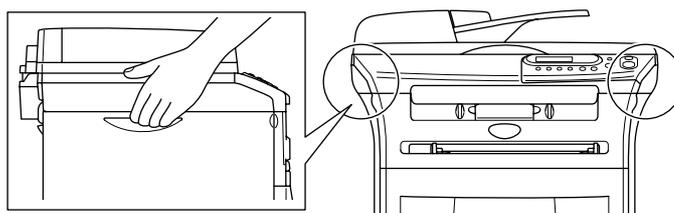

■ **USB interface cable**

Please make sure you use a USB 2.0 interface cable that is no longer than 6 feet (2.0 meters). Do not connect the USB cable to a non-powered hub or a Mac® keyboard. When you use a USB cable, make sure you connect it to the USB port of your computer and not to a USB port on a keyboard or a non-powered USB hub.

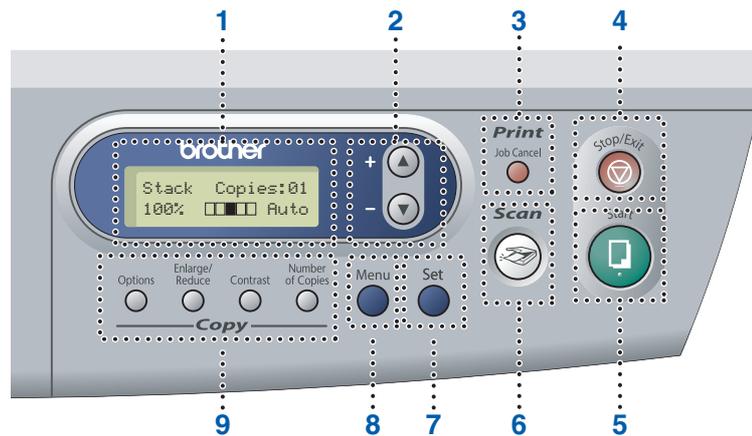

■ **Parallel interface cable**

Please make sure you use a Parallel interface cable that is no longer than 6 feet (2.0 meters). Use a shielded interface cable that is IEEE 1284-compliant.

 *When you move the machine, grasp the side handholds that are under the scanner. Do NOT carry the machine by holding it at the bottom.*

Options and Consumables

Options	28
Replacement Consumables.....	28

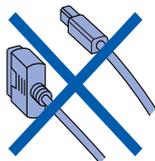

Step 1

Setting Up the Machine

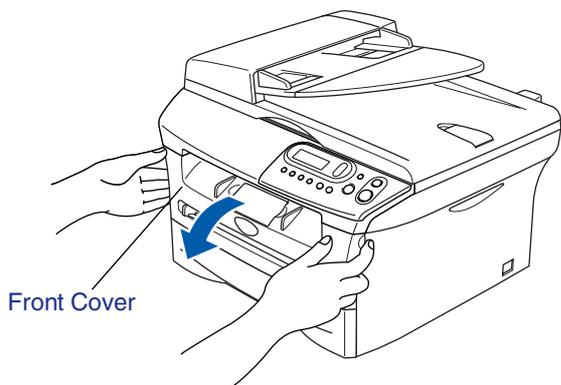

1 Install the Drum Unit Assembly

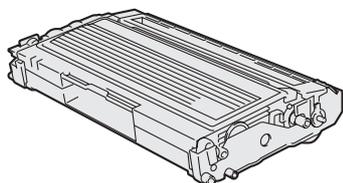

Do NOT connect the interface cable. Connecting the interface cable is done when installing the driver.

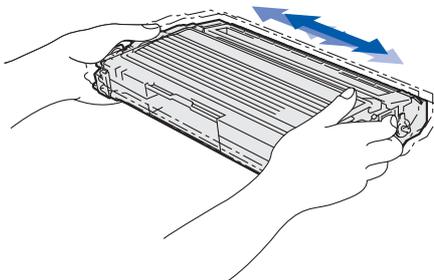

- 1 Open the front cover of the machine.

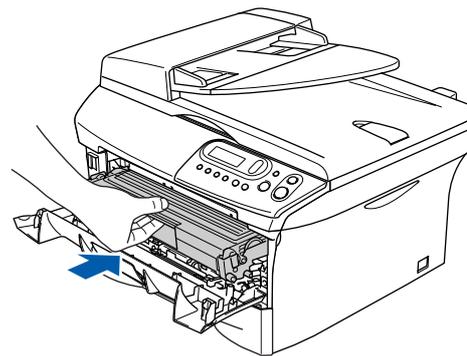

- 2 Unpack the drum unit assembly.

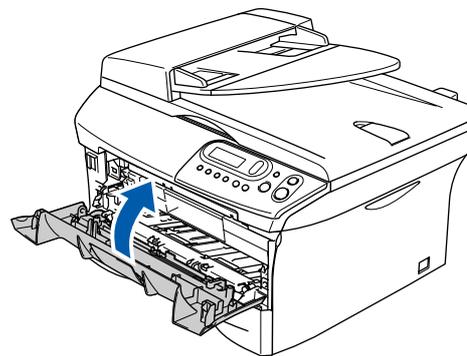

- 3 Gently rock it from side to side several times to distribute the toner evenly inside the assembly.

- 4 Put the drum unit assembly into the machine.

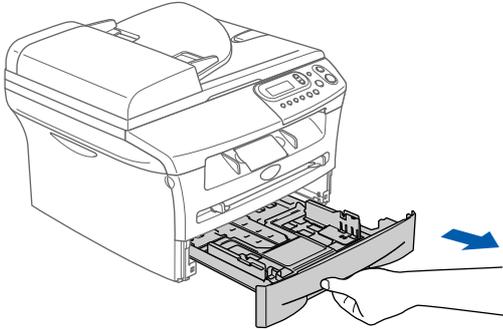

- 5 Close the front cover of the machine.

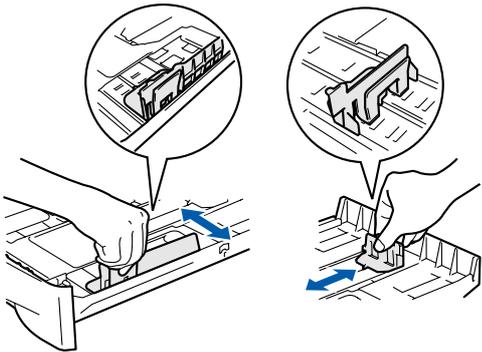

2

Load Paper in the Paper Tray

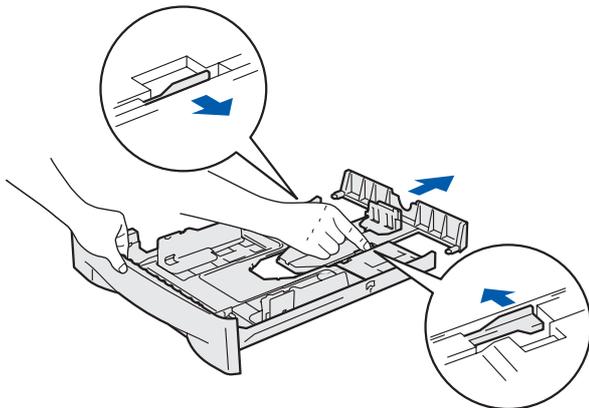

- 1 Pull the paper tray completely out of the machine.

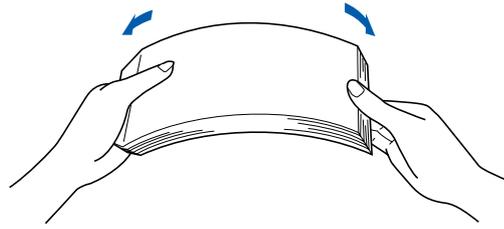

- 2 While pressing the paper guide release lever, slide the adjusters to fit the paper size. Check that the guides are firmly in the slots.

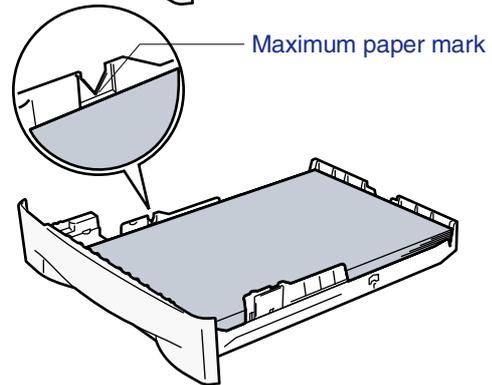

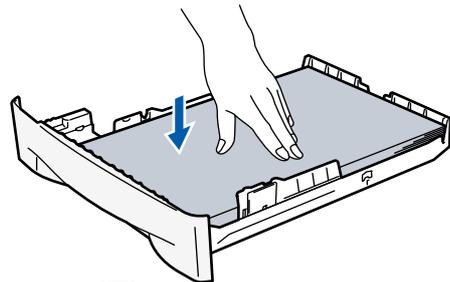

For Legal size paper, press in the inside latches and pull out the back of the paper tray.

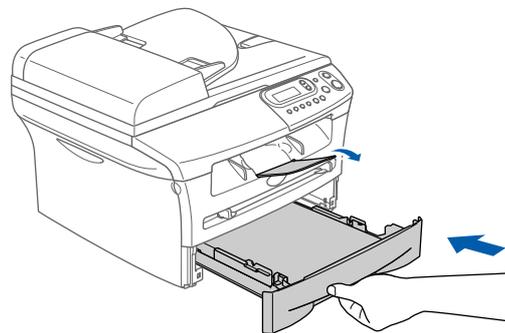

- 3 Fan the stack of paper well to avoid paper jams and misfeeds.

- 4 Put paper in the paper tray. Check that the paper is flat in the tray and below the maximum paper mark.

- 5 Put the paper tray firmly back in to the machine and unfold the output tray support flap before you use the machine.

For details on supported paper specifications, see "About paper" in Chapter 1 of the User's Guide.

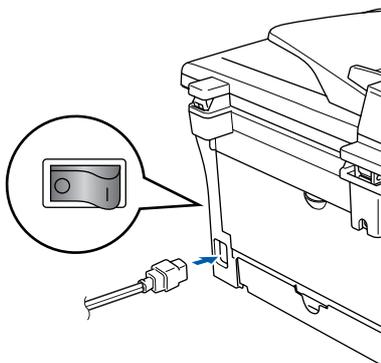

Step 1

Setting Up the Machine

3 Install the Power Cord

 Do not connect the Parallel or USB cable yet.

- 1 Make sure that the power switch is off. Connect the AC power cord to the machine.

- 2 Plug the AC power cord into an AC outlet. Turn the power switch on.

4 Selecting Your Language (Canada Only)

- 1 Press **Menu**.
- 2 Press the  or  to select **1.General Setup**. Press **Set**.
- 3 Press the  or  to select **0.Local Language**. Press **Set**.
- 4 Press the  or  to select your language (**English** or **Français**), and then press **Set**.

```
Local Language
English
```

- 5 Press **Stop/Exit**.

5 Setting the LCD Contrast

You can change the contrast to help the LCD look lighter or darker.

- 1 Press **Menu** and  or  to select **1.General Setup**. Press **Set**.
- 2 Press  or  to select **5.LCD Contrast**.

```
General Setup
5.LCD Contrast
```

Press **Set**.

- 3 Press  or  to select **Light** or **Dark**. Press **Set**.
- 4 Press **Stop/Exit**.

Supplied CD-ROM “MFL-Pro Suite”

The CD-ROM includes the following items:

Windows®

MFL-Pro Suite includes Printer Driver, Scanner Driver, ScanSoft® PaperPort® 9.0SE, ScanSoft® OmniPage® and True Type® fonts. PaperPort® 9.0SE is a document management application for viewing scanned documents. ScanSoft® OmniPage®, which is integrated into PaperPort® 9.0SE, is an OCR application that converts an image into text and inserts it into your default word processor.

Macintosh®

Install MFL-Pro Suite

You can install the MFL-Pro Suite and multifunction drivers.

Install Optional Applications

You can install additional MFL-Pro Suite software utilities.

Documentation*¹

View the User's Guide and other documentation in PDF format (Viewer included).

On-Line Registration

You will be pointed to the Brother Product Registration Web page for quick registration of your machine.

Brother Support

View contact information for Brother Customer Service and how to locate a Brother Authorized Service Center.

Repair MFL-Pro Suite

If you experience errors while installing the MFL-Pro Suite, you can use this function to automatically repair and re-install the software.

Start Here OS 9.1-9.2

You can install the printer driver, scanner driver and Presto!® PageManager® for Mac OS® 9.1 - 9.2.

Start Here OSX

You can install the printer driver, scanner driver and Presto!® PageManager® for Mac OS® 10.2.4 or greater.

Readme.html

You can get important information and troubleshooting tips.

Documentation*¹

View the User's Guide and other documentation in PDF format.

Brother Solutions Center

You can access the Brother Solutions Center, a Web site offering information about your Brother product including FAQs, User's Guides, Driver updates and Tips for using your machine.

On-Line Registration

You will be pointed to the Brother Product Registration Web Page for quick registration of your machine.

*¹ The User's Guide on the CD-ROM includes the Software User's Guide for features available when connected to a computer (e.g. Printing and scanning).

Step 2

Installing the Drivers & Software

Follow the instructions on this page for your operating system and interface cable.
For the latest drivers and to find the best solution for your problem or question, access the Brother Solutions Center directly from the driver or go to <http://solutions.brother.com>

Step 2

Installing the Drivers & Software

For USB Interface Cable Users

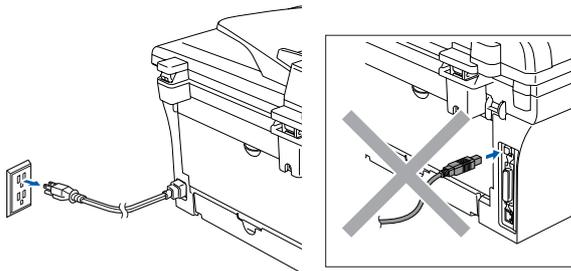

(For Windows® 98/98SE/Me/2000 Professional/XP)

Make sure that you have completed the instructions from Step 1 “Setting Up the Machine” on pages 4 - 6.

Please close any applications running before installing the MFL-Pro Suite.

- 1 Turn off and unplug the machine from the AC outlet and disconnect it from your computer, if you already connected an interface cable.

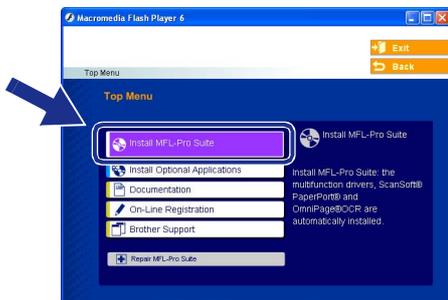

- 2 Turn on your computer. (For Windows® 2000 Professional/XP, you must be logged on with Administrator rights.)

- 3 Insert the supplied CD-ROM for Windows® into your CD-ROM drive. If the model name screen appears, select your machine. If the language screen appears, select your language.

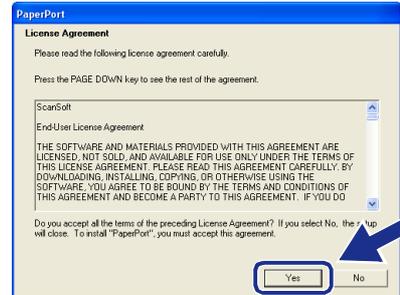

- 4 The CD-ROM main menu will appear. Click **Install MFL-Pro Suite**.

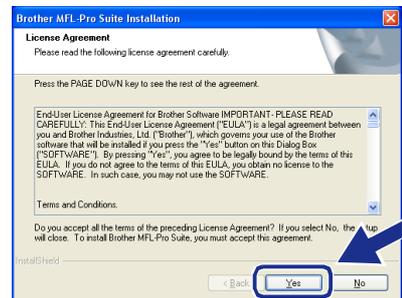

If this window does not appear, use Windows® Explorer to run the **setup.exe** program from the root directory of the Brother CD-ROM.

- 5 After reading and accepting the ScanSoft® PaperPort® 9.0SE License Agreement, click **Yes**.

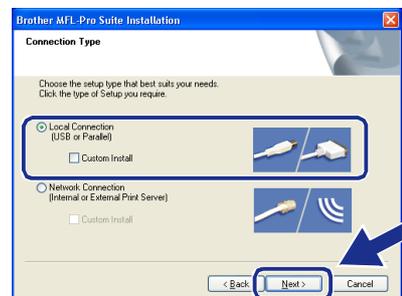

- 6 The installation of PaperPort® 9.0SE will automatically start and is followed by the installation of MFL-Pro Suite.

- 7 When the Brother MFL-Pro Suite Software License Agreement window appears, read the agreement, then click **Yes** if you agree to its terms.

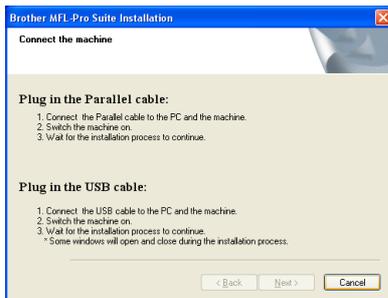

- 8 Select **Local Connection**, and then click **Next**.

The installation will continue.

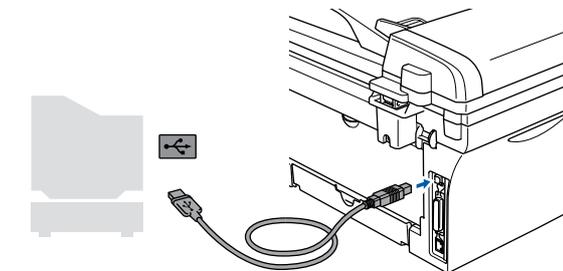

- 9 When this screen appears, connect the USB interface cable to your PC, and then connect it to the machine.

(For Windows® XP)

(For Windows® 98/98SE/Me/2000)

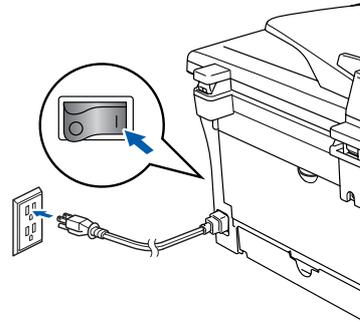

Brother recommends that you connect the machine directly to your computer.

DO NOT connect the machine to a USB port on a keyboard or a non-powered USB hub.

- 10 Plug in the power cord and turn on the machine.

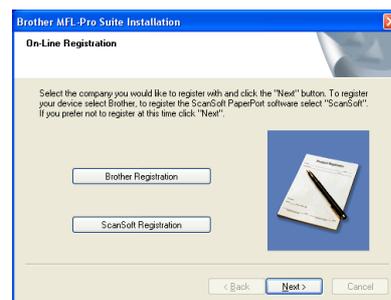

It will take a few seconds for the installation screen to appear.

The installation of the Brother drivers will automatically start. The screens appear one after another, please wait, it will take a few seconds for all the screens to appear.

DO NOT try to cancel any of the screens during this installation.

- 11 When the On-Line Registration screen is displayed, make your selection and follow the on-screen instructions.

Continued ...

For USB Interface Cable Users

(For Windows® 98/98SE/Me/2000 Professional/XP)

- 12 Click **Finish** to restart your computer.
(After restarting the computer, for Windows® 2000 Professional/XP, you must be logged on with Administrator rights.)

*If the installation is unsuccessful, try installing again using **Repair MFL-Pro Suite** from the CD-ROM main menu. Select **Repair MFL-Pro Suite** and follow the instructions on the screen.*

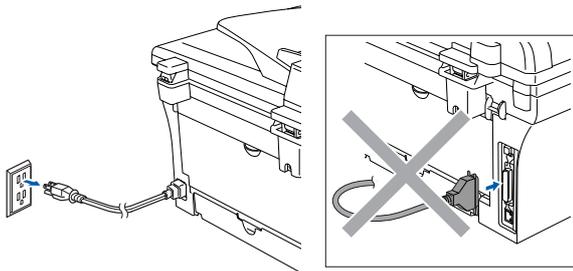

The MFL-Pro Suite, Brother Printer Driver and Scanner driver have been installed and the installation is now complete.

For Parallel Interface Cable Users (For Windows® 98/98SE/Me/2000 Professional/XP)

Make sure that you have completed the instructions from Step 1 “Setting Up the Machine” on pages 4 - 6.

 Please close any applications running before installing the MFL-Pro Suite.

- 1 Turn off and unplug the machine from the AC outlet and disconnect it from your computer, if you already connected an interface cable.

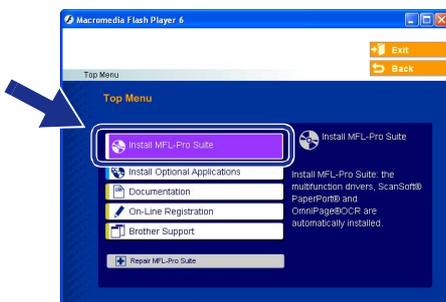

- 2 Turn on your computer. (For Windows® 2000 Professional/XP, you must be logged on with Administrator rights.)

- 3 Insert the supplied CD-ROM for Windows® into your CD-ROM drive. If the model name screen appears, select your machine. If the language screen appears, select your language.

- 4 The CD-ROM main menu will appear. Click **Install MFL-Pro Suite**.

 If this window does not appear, use Windows® Explorer to run the **setup.exe** program from the root directory of the Brother CD-ROM.

- 5 After reading and accepting the ScanSoft® PaperPort® 9.0SE License Agreement, click **Yes**.

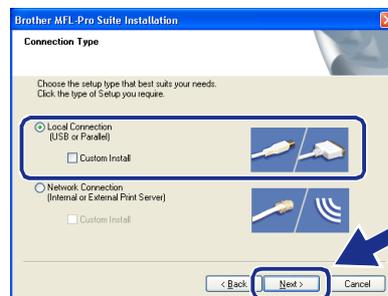

- 6 The installation of PaperPort® 9.0SE will automatically start and is followed by the installation of MFL-Pro Suite.

- 7 When the Brother MFL-Pro Suite Software License Agreement window appears, read the agreement, then click **Yes** if you agree to its terms.

- 8 Select **Local Connection**, and then click **Next**. The installation will continue.

Continued ...

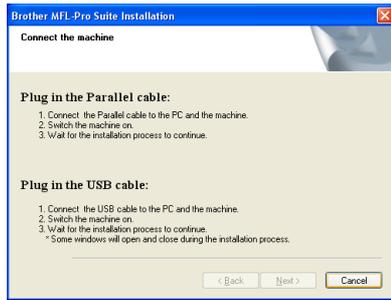

Step 2

Installing the Drivers & Software

For Parallel Interface Cable Users (For Windows® 98/98SE/Me/2000 Professional/XP)

- 9 When this screen appears, connect the parallel interface cable to your PC, and then connect it to the machine.

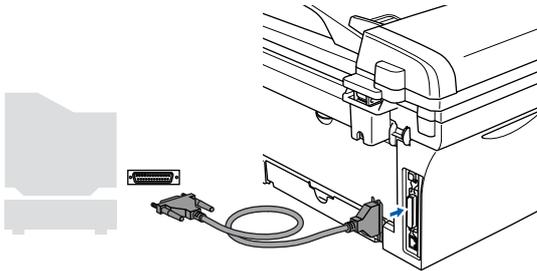

(For Windows® XP)

(For Windows® 98/98SE/Me/2000)

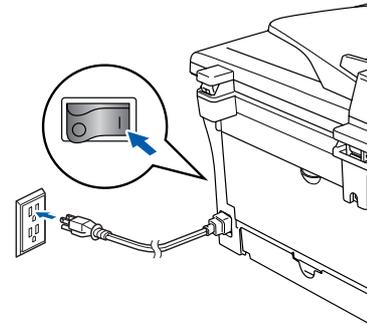

DO NOT plug in the power cord before connecting the parallel interface cable. It may cause damage to your machine.

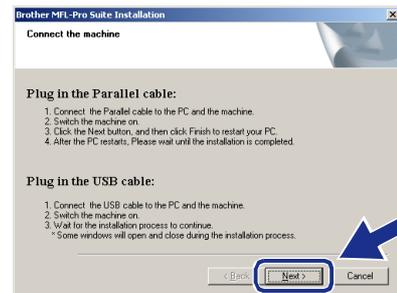

Brother recommends that you connect the machine directly to your computer.

- 10 Plug in the power cord and turn on the machine.

- 11 For Windows® 98/98SE/Me/2000 Professional users, click **Next**.

For Windows® XP users, wait for a while since the installation of the Brother drivers will automatically start. The screens appear one after another.

DO NOT try to cancel any of the screens during this installation.

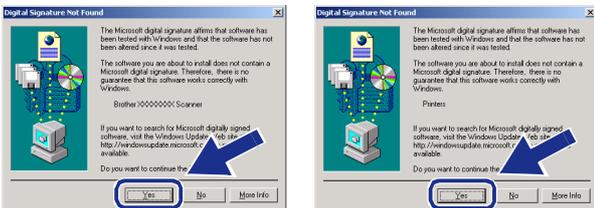

- 12 When the On-Line Registration screen is displayed, make your selection and follow the on-screen instructions.

- 13 When the following screen appears, click **Finish** and wait as the PC restarts Windows® and continues the installation.

- 14 After the computer restarts, the installation of the Brother drivers will automatically start. Follow the instructions on the screen. (For Windows® 2000 Professional/XP, you must be logged on with Administrator rights.)
- 15 For Windows® 2000 Professional users, if the **Digital Signature Not Found** dialog boxes appear, click **Yes** to install the driver.

If the installation is unsuccessful, try installing again using **Repair MFL-Pro Suite** from the CD-ROM main menu. Select **Repair MFL-Pro Suite** and follow the instructions on the screen.

- OK!** The MFL-Pro Suite, Printer driver and Scanner driver have been installed and the installation is now complete.

Step 2

Installing the Drivers & Software

For Windows NT[®] Workstation Version 4.0 Users

Make sure that you followed the instructions from Step 1 “Setting Up the Machine” on pages 4 - 6.

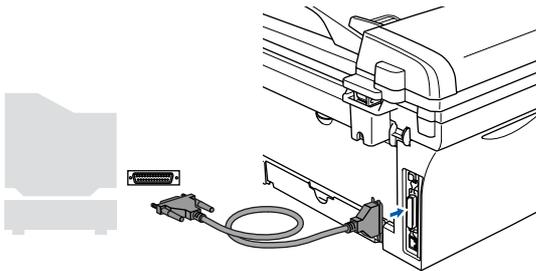

Please close any applications running before installing the MFL-Pro Suite.

- 1 Turn on your computer.
You must be logged on with Administrator rights.

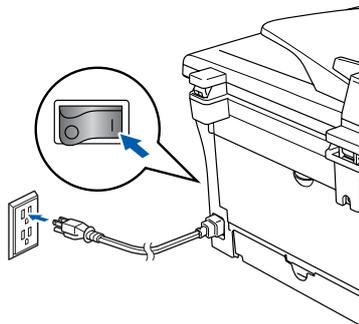

DO NOT plug in the power cord before connecting the parallel interface cable. It may cause damage to your machine.

- 2 Connect the parallel interface cable to your computer, and then connect it to the machine.

Brother recommends that you connect the machine directly to your computer.

- 3 Plug in the power cord and turn on the machine.

- 4 Insert the Supplied CD-ROM for Windows[®] into your CD-ROM drive. If the model name screen appears, select your machine. If the language screen appears, select your language.

- 5 The CD-ROM main menu will appear. Click **Install MFL-Pro Suite**.

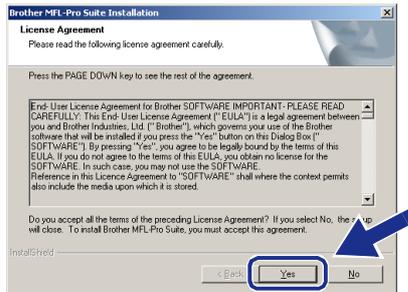

If this window does not appear, use Windows[®] Explorer to run the **setup.exe** program from the root directory of the Brother CD-ROM.

- 6 After reading and accepting the ScanSoft[®] PaperPort[®] 9.0SE License Agreement, click **Yes**.

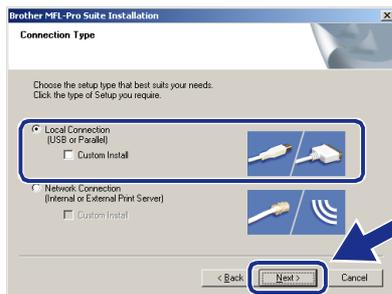

- 7 The installation of PaperPort[®] 9.0SE will automatically start and is followed by the installation of MFL-Pro Suite.

- 8 When the Brother MFL-Pro Suite Software License Agreement window appears, read the agreement, then click **Yes** if you agree to its terms.

- 9 Select **Local Connection**, and then click **Next**. The installation will continue.

- 10 When the On-Line Registration screen is displayed, make your selection and follow the on-screen instructions.

- 11 When the following screen appears, click **Finish** and wait as the PC restarts Windows and continues the installation. (You must be logged on with Administrator rights.)

If the installation is unsuccessful, try installing again using **Repair MFL-Pro Suite** from the CD-ROM main menu.

Select **Repair MFL-Pro Suite** and follow the instructions on the screen.

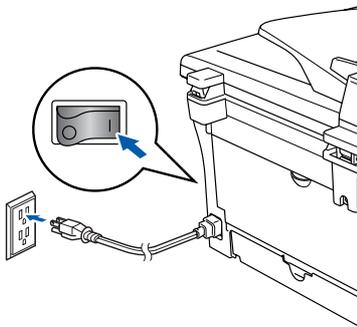

OK! The MFL-Pro Suite, Printer driver and Scanner driver have been installed and the installation is now complete.

For Optional NC-2200w Users (For External Wireless Print/Scan Server Users)

Make sure that you followed the instructions from Step 1 “Setting Up the Machine” on pages 4 - 6.

- 1 Before installation, read the Quick Setup Guide for NC-2200w External Wireless Print/Scan Server and follow the instruction.
- 2 If you are using Personal Firewall software, disable it. Once you are sure that you can print, re-start your Personal Firewall software. Close any applications running before installing the MFL-Pro Suite.
- 3 Plug in the power cord and turn on the machine.

- 4 Turn on your computer.
(For Windows® 2000 Professional/XP/Windows NT® 4.0, you must be logged on with Administrator rights.)
- 5 Insert the supplied CD-ROM for Windows® into your CD-ROM drive. If the model name screen appears, select your machine. If the language screen appears, select your language.

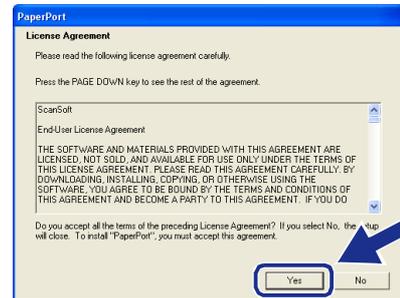

- 6 The CD-ROM main menu will appear. Click **Install MFL-Pro Suite**.

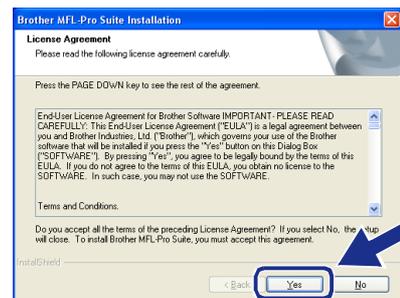

*If this window does not appear, use Windows® Explorer to run the **setup.exe** program from the root directory of the Brother CD-ROM.*

- 7 After reading and accepting the ScanSoft® PaperPort® 9.0SE License Agreement, click **Yes**.

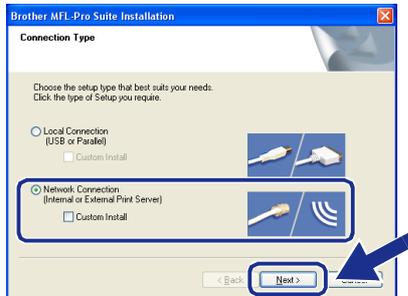

- 8 The installation of PaperPort® 9.0SE will automatically start and is followed by the installation of MFL-Pro Suite.

- 9 When the Brother MFL-Pro Suite Software License Agreement window appears, read the agreement, then click **Yes** if you agree to its terms.

- 10 Select **Network Connection** and then click **Next**.

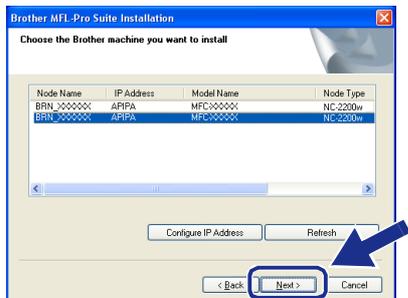

- 11 The installation of the Brother drivers will automatically start. The installation screens appear one after another. Please wait, it will take a few seconds for all the screens to appear.

DO NOT try to cancel any of the screens during this installation.

- 12 If the machine is configured for your network, select your machine from the list and then click **Next**.

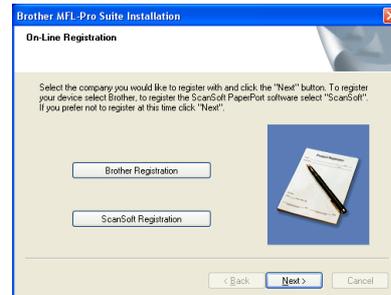

This window will not appear if there is only one of this Brother model connected on the network, it will be selected automatically.

If the machine is not yet configured for use on your network, the **Configure IP Address** window will appear. Enter the IP address information appropriate to your network by following the on-screen instructions.

- 13 When the On-Line Registration screen is displayed, make your selection and follow the on-screen instructions.

- 14 When the following screen appears, click **Finish** and wait as the PC restarts Windows and continues the installation. (For Windows® 2000 Professional/XP/Windows NT® 4.0, you must be logged on with Administrator rights.)

- OK!** The MFL-Pro Suite, Network Printer driver, Network Scanner driver have been installed and the installation is now complete.

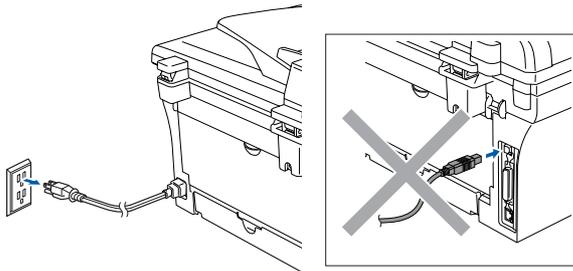

- For Network installations, the **Repair MFL-Pro Suite** selection from the main menu is not supported.
- Network Scanning is not supported in Windows NT® 4.0.

For USB Interface Cable Users

For Mac OS[®] 9.1 to 9.2

Make sure that you have completed the instructions from Step 1 “Setting Up the Machine” on pages 4 - 6.

- 1 Turn off and unplug the machine from the AC outlet and disconnect it from your Macintosh[®], if you already connected an interface cable.

- 2 Turn on your Macintosh[®].
- 3 Insert the supplied CD-ROM for Macintosh[®] into your CD-ROM drive.

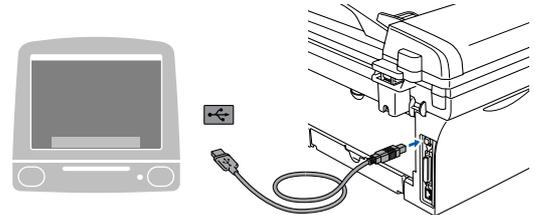

- 4 Double-click the **Start Here OS 9.1-9.2** icon to install the printer and scanner drivers. If the language screen appears, select your language.

- 5 Click **MFL-Pro Suite** to install.

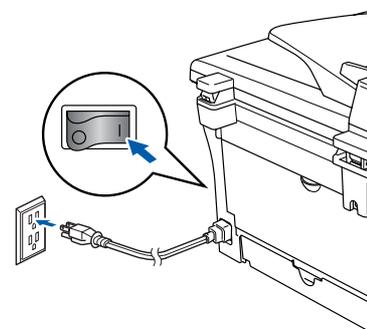

- 6 Follow the on-screen instructions, and restart your Macintosh[®].
- 7 Connect the USB interface cable to your Macintosh[®], and then connect it to the machine.

DO NOT connect the machine to a USB port on a keyboard or a non powered USB hub.

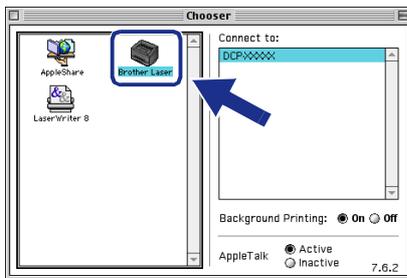

- 8 Plug in the power cord and turn on the machine.

- 9 From the Apple® menu, open the **Chooser**.

- 10 Click the **Brother Laser** icon. On the right side of the **Chooser**, select the machine to which you want to print. Close the **Chooser**.

- OK! **The MFL-Pro Suite, Printer driver and Scanner driver have been installed.**

 *The ControlCenter2.0 is not supported in Mac OS® 9.1 to 9.2.*

- 11 To install Presto!® PageManager®, click the **Presto! PageManager** icon and follow the on-screen instructions.

You can easily scan, share and organize photos and documents using Presto!® PageManager®.

- OK! **Presto!® PageManager® has been installed and the installation is now complete.**

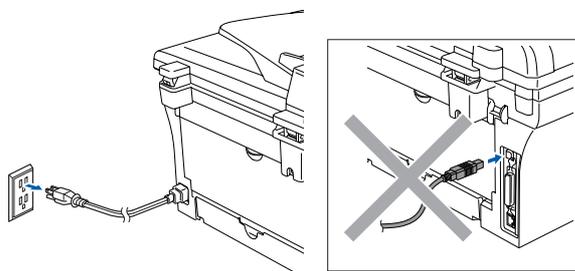

For USB Interface Cable Users

For Mac OS® X 10.2.4 or greater

Make sure that you have completed the instructions from Step 1 “Setting Up the Machine” on pages 4 - 6.

 For Mac OS® X 10.2.0 to 10.2.3 user, please upgrade to Mac OS® X 10.2.4 or greater. (The latest information for Mac OS® X, please visit at: <http://solutions.brother.com>)

- 1 Disconnect the machine from the power socket and from your Macintosh®, if you already connected an interface cable.

- 2 Turn on your Macintosh®.
- 3 Insert the supplied CD-ROM for Macintosh® into your CD-ROM drive.

- 4 Double-click the **Start Here OSX** icon to install the printer driver, Scanner driver and Remote Setup program. If the language screen appears, select your language.

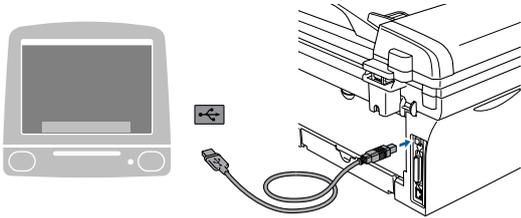

- 5 Click **MFL-Pro Suite** to install.

- 6 Follow the on-screen instructions, and restart your Macintosh®.
- 7 After the **DeviceSelector** window appears, connect the USB interface cable to your Macintosh® and then to the machine.

 The **DeviceSelector** window will not appear if you have also connected a USB interface cable to the machine before restarting your Macintosh® or if you are overwriting a previously installed version of the Brother software. If you encounter this problem continue with the installation skipping step 9 and then see the Software User's Guide for details on selecting which machine the ControlCenter2.0 will connect with.

DO NOT connect the machine to a USB port on a keyboard or a non-powered USB hub.

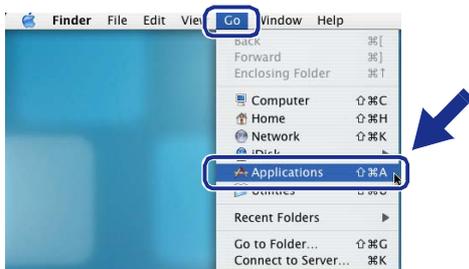

- 8 Plug in the power cord and turn on the machine.

- 9 Select **USB** and then click **OK**.

- 10 Select **Applications** from the **Go** menu.

- 11 Open the **Utilities** folder.

- 12 Open the **Printer Setup Utility** icon.

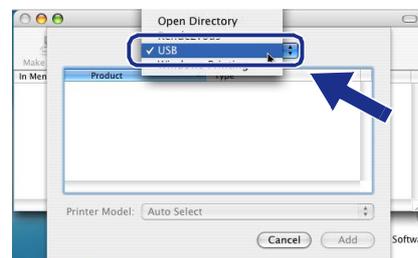

*For Mac OS® X 10.2.x users, open **Print Center** icon.*

- 13 Click **Add**.

- 14 Select **USB**.

Continued ...

Step 2

Installing the Drivers & Software

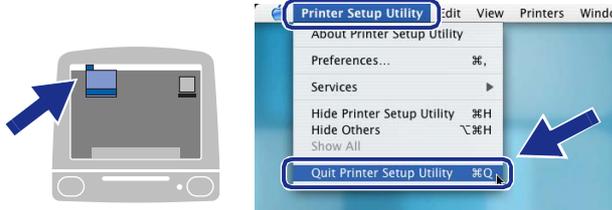

For USB Interface Cable Users

- 15 Select **DCP-XXXX** (XXXX is your model name), and then click **Add**.

- 16 Select **Quit Printer Setup Utility** from the **Printer Setup Utility** menu.

- OK!** The MFL-Pro Suite, Printer driver, Scanner driver and ControlCenter2.0 have been installed.

- 17 To install Presto!® PageManager®, click the **Presto! PageManager** icon and follow the on-screen instructions.

When Presto!® PageManager® is installed OCR capability is added to the Brother ControlCenter2.0. You can also easily scan, share, and organize photos and documents using Presto!® PageManager®.

- OK!** Presto!® PageManager® has been installed and the installation is now complete.

For Optional NC-2200w Users (For External Wireless Print/Scan Server Users)

For Mac OS® X 10.2.4 or greater

Make sure that you have completed the instructions from Step 1 “Setting Up the Machine” on pages 4 - 6.

- 1 Before installation, read the Quick Setup Guide for NC-2200w External Wireless Print/Scan Server and follow the instruction.
- 2 Turn on your Macintosh®.
- 3 Insert the supplied CD-ROM for Macintosh® into your CD-ROM drive.

- 4 Double-click the **Start Here OSX** icon to install the printer driver and Remote Setup program. If the language screen appears, select your language.

- 5 Click **MFL-Pro Suite** to install.

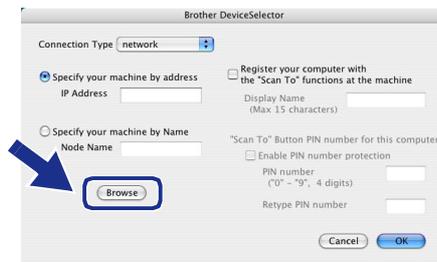

- 6 Follow the on-screen instructions, and restart your Macintosh®.

- 7 After the **DeviceSelector** window appears, select **Network** and then click **OK**.

*The **DeviceSelector** window will not appear if you have also connected a USB interface cable to the machine before restarting your Macintosh® or if you are overwriting a previously installed version of the Brother software. If you encounter this problem continue with the installation skipping steps 7 to 9 and then see the Software User's Guide for details on selecting which machine the ControlCenter2.0 will connect with.*

- 8 Click **Browse**.

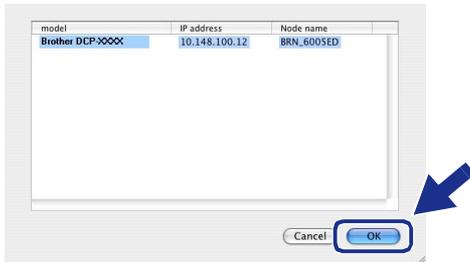

Continued ...

Step 2

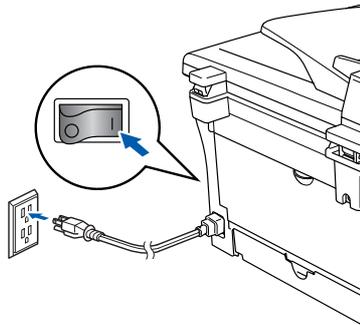

Installing the Drivers & Software

For Optional NC-2200w Users (For External Wireless Print/Scan Server Users)

- 9 Select your model name, and then click **OK**. Click **OK** again to close the **DeviceSelector**.

- 10 Plug in the power cord and turn on the machine.

- 11 Select **Applications** from the **Go** menu.

- 12 Open the **Utilities** folder.

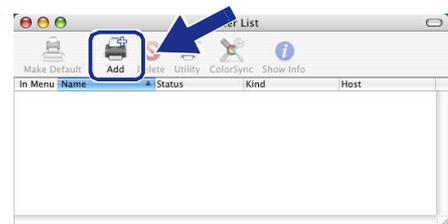

- 13 Open the **Printer Setup Utility** icon.

For Mac OS® X 10.2.x users, open **Print Center** icon.

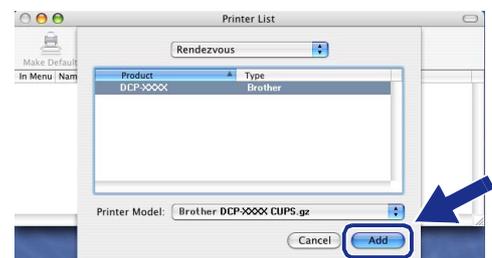

- 14 Click **Add**.

- 15 Make the selection shown below.

- 16 Select **Brother DCP-XXXX** (XXXX is your model name) and then click the **Add** button.

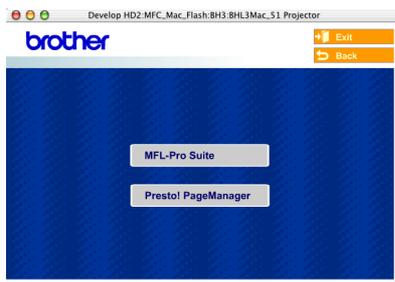

- 17 Select **Quit Printer Setup Utility** from the **Printer Setup Utility** menu.

- OK! The **MFL-Pro Suite, Printer driver, Scanner driver and ControlCenter2.0** have been installed.

- 18 To install Presto!® PageManager®, click the **Presto! PageManager** icon and follow the on-screen instructions.

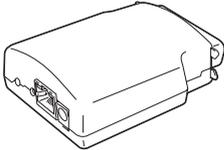

When **Presto!® PageManager®** is installed **OCR capability** is added to the **Brother ControlCenter2.0**. You can also easily scan, share, and organize photos and documents using **Presto!® PageManager®**.

- OK! **Presto!® PageManager®** has been installed and the installation is now complete.

Options and Consumables

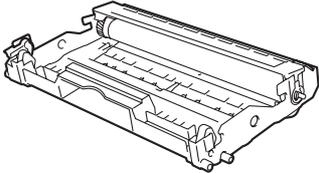

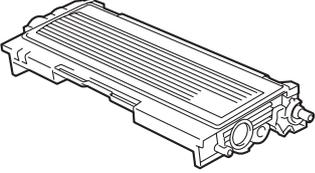

Options

The machine has the following optional accessories. You can expand the capabilities of the machine by adding these items.

External Wireless Print/Scan Server	External Print Server
NC-2200w	NC-2100p
 <p>If you are going to connect the machine to your wireless network, purchase the optional Wireless print/scan server (802.11b). The NC-2200w can be connected to the USB interface port of your machine. For more information, visit http://solutions.brother.com.</p>	 <p>If you are going to connect the machine to your Ethernet network, buy the optional Network device. The NC-2100p can be connected to the parallel interface port of your machine. For more information, visit http://solutions.brother.com.</p>

Replacement Consumables

When the time comes to replace consumables, an error message will be indicated on the LCD. For more information about the consumables for your printer, visit <http://solutions.brother.com> or contact your local Brother re-seller.
