# brother.

Before you can use the machine, you must set up the hardware and install the software. Please read this Quick Setup Guide for the correct setup procedure and installation instructions.

Keep this Quick Setup Guide, the User's Guide and the supplied CD-ROM in a convenient place for quick and easy reference at all times.

# Symbols used in this guide

Warning	Caution	Marco Improper Setup
Warnings tell you what to do to prevent possible personal injury.	Cautions specify procedures you must follow or avoid to prevent possible damage to the machine or other objects.	Improper Setup icons alert you to devices and operations that are not compatible with the machine.
Note	User's Guide, Software User's Guide or Network User's Guide	
Notes tell you how you should respond to a situation that may arise or give tips about how the current operation works with other features.	Indicates reference to the User's Guide, Software User's Guide or Network User's Guide we have supplied.

## Consumables

Replacement consumables	29
Ink cartridge	29

**Carton components** 

An interface cable is not a standard accessory. You need to purchase the proper interface cable for the interface you want to use (USB or network).

The mains plug supplied with this machine is a grounded three pin plug. Make sure that the AC socket will accept this grounded three pin plug. This machine must be grounded, If in doubt, call a qualified electrician.

#### Philippines & Thailand users:

The mains plug supplied with this machine is a side grounded two pin plug. Make sure that the AC socket will accept this side grounded two pin plug. This machine must be grounded, If in doubt, call a qualified electrician.

To ensure safe operation the supplied plug must be inserted only into a standard power outlet that is properly grounded through the standard electrical wiring. Non grounded equipment may cause an electrical shock hazard, and may cause excessive electrical noise radiation.

#### USB cable

- Please make sure you use a USB 2.0 cable that is no longer than 2 metres long (6 feet).
- Your DCP has a USB interface that is compatible with the USB 2.0 specification.
- DO NOT connect the interface cable at this time.

Connecting the interface cable is done during the software installation process.

#### Network cable (DCP-540CN only)

Use a straight-through Category5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.

## **Control panel**

- 5 Start keys
- 6 Stop/Exit key

- 7 On/Off key
- 8 Ink management key
- 9 Scan key
- 10 PhotoCapture key
  - 11 Warning LED
  - 12 LCD (Liquid Crystal Display)

For the details of the control panel, see Control panel overview in Chapter 1 of the User's Guide.

■ Illustrations in this Quick Setup Guide are based on DCP-330C.

# STEP1 Setting Up the Machine

# Removing the protective parts

- Remove the protective tape and film covering the scanner glass.
- 2 Remove the foam bag containing the ink cartridges from on top of the paper tray.

#### **N** Improper Setup

DO NOT connect the interface cable. Connecting the interface cable is done during the software installation process.

2 Loading paper

1

2

- You can load up to 100 sheets of 80 gsm (20 lb) paper. For details, see Acceptable paper and other media in Chapter 2 of the User's Guide.
  - Pull the paper tray completely out of the machine and lift the output paper tray cover (1).

Press and slide the paper side guides (1) and paper length guide (2) to fit the paper size.

# **Setting Up the Machine**

Fan the stack of paper well to avoid paper jams and misfeeds.

 Gently put the paper into the paper tray print side down and top edge first.
 Check that the paper is flat in the tray.

Gently adjust the paper side guides with both hands to fit the paper.
 Make sure that the paper guides touch the

edges of the paper.

#### Note

Be careful that you do not push the paper in too far; it may lift at the back of the tray and cause paper feed problems. Close the output paper tray cover.

6

Slowly push the paper tray completely into the machine.

8 While holding the paper tray in place, pull out the paper support (①) until it clicks, and then unfold the paper support flap (②).

Do not use the paper support flap for Legal paper.

## Note Note

You can use the photo paper tray which has been assembled on the top of the paper tray to print on photo  $10 \times 15$  cm (4 × 6 in.) and photo L size paper.

For details, see Loading envelopes and post cards in Chapter 2 of the User's Guide.

# **STEP1** Setting Up the Machine

#### S Improper Setup

DO NOT connect the interface cable. Connecting the interface cable is done during the software installation process.

#### 🛕 Warning

The machine must be fitted with an earthed plug.

#### 🖉 Note

The control panel warning LED will stay on until you have installed the ink cartridges.

## 4 Choosing your language

After connecting the power cord, the LCD shows:

```
Select Language
English
Français
Deutsch
Nederlands
Italiano
```

Press  $\blacktriangle$  or  $\blacktriangledown$  to choose your language and press **OK**.

Choose Yes or No and press OK.

2

English	
Yes	
No	

3 If your language is chosen, press **OK**.

If you have set the language wrongly, you can change the language after setting the date and time. (For details, see changing LCD language in Appendix B of the User's Guide.)

# **Setting Up the Machine**

# 5 Installing the ink cartridges

#### Warning

If ink gets in your eyes, wash them out with water at once, and if irritation occurs consult a doctor.

#### 1 The LCD shows:

```
No Cartridge
Black
Yellow
Cyan
Magenta
```

## 🖉 Note

Make sure that the power is turned on.

**3** Pull all the lock release levers down and remove the yellow protective part (1).

## 🖉 Note

Do not throw away the yellow protective part. You will need it if you transport the machine.

5

Take out the ink cartridge.

Carefully remove the protective yellow cap (1).

1

### Note

If the protective yellow cap comes off when you open the bag, the cartridge will not be damaged.

6 Install each ink cartridge in the direction of the arrow on the label.

Take care to match the colour of the lock release lever (1) with the cartridge colour (2), as shown in the diagram below.

7 Lift each lock release lever and gently push it until it clicks, and then close the ink cartridge cover.

## **Note**

If the LCD prompts you to re-insert the ink cartridge correctly, after you install the ink cartridges, check that the ink cartridges are installed properly.

The machine will clean the ink tube system for use for the first time. This process will occur only once, the first time ink cartridges are installed. The cleaning process will last approximately four minutes. The LCD shows:

### Caution

- DO NOT take out ink cartridges if you do not need to replace them. If you do so, it may reduce the ink quantity and the machine will not know the quantity of ink left in the cartridge.
- DO NOT shake the ink cartridges. If ink stains your skin or clothing, wash with soap or detergent at once.
- DO NOT repeatedly insert and remove the cartridges. If you do so, ink may seep out of the cartridge.
- If you mix the colours by installing an ink cartridge in the wrong position, clean the print head several times after correcting the cartridge installation. (See *Cleaning the print head in Appendix B of the User's Guide.*)
- Once you open an ink cartridge, install it in the machine and use it up within six months of installation. Use unopened ink cartridges by the expiration date written on the cartridge package.
- DO NOT dismantle or tamper with the ink cartridge, this can cause the ink to leak out of the cartridge.
- Brother multifunction machines are designed to work with ink of a particular specification and will work to a level of optimum performance when used with genuine Brother branded ink cartridges.

Brother cannot guarantee this optimum performance if ink or ink cartridges of other specifications are used. Brother does not therefore recommend the use of cartridges other than genuine Brother branded cartridges with this machine or the refilling of empty cartridges with ink from other sources. If damage is caused to the print head or other parts of this machine as a result of using incompatible products with this machine, any repairs required as a result may not be covered by the warranty.

## Print quality check

After the cleaning cycle is finished, the LCD shows:

2 Make sure paper is loaded in the paper tray. Press Colour Start.

The machine starts printing the Print Quality Check Sheet (only during initial ink cartridge installation).

Check the quality of the four colour blocks on the sheet.

(black/yellow/cyan/magenta)

#### **N** Improper Setup

Avoid touching the printed surface of the paper immediately after printing, the surface may not be completely dry and may stain your fingers.

4 The LCD shows:

# EP1 Setting Up the Machine

5

- Do one of the following:
  - If all lines are clear and visible, press
     + (Yes) to finish the quality check.
  - If you can see missing short lines, press
     (No) and go to step 6.

OK

6

The LCD asks you if the print quality is OK for black and colour. Press 🕂 (Yes) or 🔄 (No).

After pressing + (Yes) or - (No) for both black and colour, the LCD shows:

- After cleaning is finished, press **Colour Start**. The machine starts printing the Print Quality Check Sheet again and goes back to step **3**.

# Setting the LCD contrast

You can adjust the LCD contrast for a sharper and more vivid display. If you are having difficulty reading the LCD, try changing the contrast setting.

Press Menu.

2

- Press ▲ or ▼ to choose General Setup. Press OK.
- 3 Press ▲ or ▼ to choose LCD Settings. Press OK.
- Press ▲ or ▼ to choose LCD Contrast. Press OK.
- 5 Press ▲ or ▼ to choose Light, Med or Dark. Press OK.
- 6 Press Stop/Exit.

#### 🖉 Note

You can also adjust the angle of the LCD display by lifting it.

# **Setting Up the Machine**

8	Setting the date and time	7	Press ▲ repeatedly to enter the two digits for the hour in 24-hour format, and then press ► to next.
the p qualit	ng the date and time allows the machine to clean rint head regularly and maintain optimum print ty. It also allows the machine to name files ed when using the Scan to Card feature.		Date/Time Time: 15:XX

# Supplied CD-ROM 'MFL-Pro Suite'

## Supplied CD-ROM 'MFL-Pro Suite'

## Windows®

#### **Install MFL-Pro Suite**

You can install the MFL-Pro Suite software and multifunction drivers.

#### Install Other Drivers or Utilities

You can install additional MFL-Pro Suite software utilities, install without PaperPort<sup>®</sup> SE, or install the printer driver only.

#### - A User's Guide

View the Software User's Guide and Network User's Guide (DCP-540CN only) in HTML format. The Software User's Guide and Network User's Guide include instructions for features available when connected to a computer. (eg. Printing, scanning and networking details)

#### **On-Line Registration**

You will be pointed to the Brother Product Registration Web page for quick registration of your machine.

#### **Strother Solutions Center**

You can access the Brother Solutions Center which is a Web site offering information about your Brother product including FAQs, User's Guides, driver updates and tips for using your machine.

#### Repair MFL-Pro Suite (USB only)

If an error occurred during the installation of the MFL-Pro Suite, use this selection to automatically repair and re-install the MFL-Pro Suite.

## 🖉 Note

MFL-Pro Suite includes the Printer Driver, Scanner Driver, Brother ControlCenter3, ScanSoft<sup>®</sup> PaperPort<sup>®</sup> SE with OCR and

True Type<sup>®</sup> fonts.

PaperPort<sup>®</sup> SE is a document management application for scanning and viewing documents.

### **Macintosh**<sup>®</sup>

#### Start Here OSX

You can install the MFL-Pro Suite that includes the printer driver, scanner driver and the Brother ControlCenter2 for Mac OS<sup>®</sup> 10.2.4 or greater.

#### 🕮 Presto! PageManager

You can also install Presto!<sup>®</sup> PageManager<sup>®</sup> to add OCR capability to the Brother ControlCenter2 and easily scan, share and organize photos and documents.

#### Documentation

View the Software User's Guide and Network User's Guide (DCP-540CN only) in HTML format. The Software User's Guide and Network User's Guide include instructions for features available when connected to a computer. (eg. Printing, scanning and networking details)

#### Ø Brother Solutions Center

You can access the Brother Solutions Center which is a Web site offering information about your Brother product including FAQs, User's Guides, driver updates and tips for using your machine.

#### **On-Line Registration**

You will be pointed to the Brother Product Registration Web Page for quick registration of your machine.

# **STEP 2** Installing the Driver & Software

Follow the instructions on this page for your operating system and interface. For the latest drivers and documentations and to find the best solution for your problem or question, access the Brother Solutions Center directly from the driver or visit <u>http://solutions.brother.com</u>.

## **Note**

- If this window does not appear, use Windows<sup>®</sup> Explorer to run the **setup.exe** program from the root folder of the Brother CD-ROM.
- If you are using Windows<sup>®</sup> 2000 Professional and have not installed service pack 3 (SP3) or greater:

To access the PhotoCapture Center<sup>™</sup> features from your computer you may have to install a Windows<sup>®</sup> 2000 update first.

The Windows  $^{\mbox{\tiny (B)}}$  2000 update is included with the MFL-Pro Suite installer.

To install the update, follow the steps below:

 Click **OK** to start installation of the Windows<sup>®</sup> updates.

- 2 When instructed, click **OK** to restart your computer.
- 3 After the computer restarts, the installation of MFL-Pro Suite will automatically continue. If the installation does not continue automatically, open the main menu again by ejecting and then reinserting the CD-ROM disc or double-click the setup.exe program from the root folder, and continue from step 4 to install the MFL-Pro Suite.

## **Installing the Driver & Software**

5 After reading and accepting the ScanSoft<sup>®</sup> PaperPort<sup>®</sup> SE License Agreement, click **Yes**.

- **6** The installation of PaperPort<sup>®</sup> SE will automatically start and is followed by the installation of MFL-Pro Suite.
- 7 When the Brother MFL-Pro Suite Software License Agreement window appears, click **Yes** if you agree to the Software License Agreement.

Choose **Standard** (DCP-330C) or **Local Connection** (DCP-540CN), and then click **Next**. The installation continues.

8

Connection Type	
Choose the setup type that be Click the type of Setup you re	st suits your needs. squire.

Network Connection	

- 9
  - When this screen appears, go to the next step.

**10** Using both hands, use the plastic tabs on both sides of the machine to lift the scanner cover until it locks securely into the open position.

1

Connect the USB cable to the USB socket marked with a symbol. You will find the USB socket inside the machine as shown below.

**12** Carefully guide the USB cable into the trench as shown below, following the trench around and toward the back of the machine. Then, connect the cable to your computer.

## N Improper Setup

- DO NOT connect the machine to a USB port on a keyboard or a non-powered USB hub. Brother recommends that you connect the machine directly to your computer.
- Make sure that the cable does not restrict the cover from closing, or an error may occur.
- **13** Lift the scanner cover to release the lock (①). Gently push the scanner cover support down (2) and close the scanner cover (3).

**14** Turn on the machine by connecting the power cord.

The installation of the Brother drivers will automatically start. The installation screens appear one after another. Please wait, it will take a few seconds for all screens to appear.

#### **N** Improper Setup

DO NOT try to cancel any of the screens during this installation.

**15** When the On-Line Registration screen is displayed, make your selection and follow the on-screen instructions.

rother MFL-Pro Suite Installation On-Line Registration

Brother Registration	
	< Back Next> Cancel

**16** Click **Finish** to restart your computer. (After restarting the computer, for Windows® 2000 Professional/XP/XP Professional x64 Edition, you must be logged on with Administrator rights.)

### 🖉 Note

After restarting the computer, the Installation Diagnostics will run automatically. If the installation is unsuccessful, the installation results window will be shown. If the Diagnostics shows a failure, please follow the on-screen instruction or read on-line help and FAQs in Start/All Programs (Programs)/Brother/DCP-XXXX.

The MFL-Pro Suite has been installed and the installation is now complete.

## 🖉 Note

• MFL-Pro Suite includes the Printer Driver. Scanner Driver, Brother ControlCenter3, ScanSoft<sup>®</sup> PaperPort<sup>®</sup> SE with OCR and True Type<sup>®</sup> fonts.

PaperPort<sup>®</sup> SE is a document management application for scanning and viewing documents.

• Windows<sup>®</sup> XP Professional x64 Edition does not support the Brother ControlCenter3 Modern user interface (see the Software User's Guide located on the CD-ROM for details).

'EP2

## For Network Interface Users (DCP-540CN only) (For Windows<sup>®</sup> 98/98SE/Me/2000 Professional/XP/XP Professional x64 Edition)

#### Important

Make sure that you have finished the instructions from Step 1 *Setting Up the Machine* on pages 4-11.

- Disconnect the machine from the power socket.
- 2 Using both hands, use the plastic tabs on both sides of the machine to lift the scanner cover until it locks securely into the open position.

Connect the network cable to the LAN socket marked with a symbol. You will find the LAN socket inside the machine on the left as shown below.

4 Carefully guide the network cable into the trench as shown below, following the trench around and toward the back of the machine. Then, connect the cable to your network.

### S Improper Setup

Make sure that the cable does not restrict the cover from closing, or an error may occur.

#### 🖉 Note

6

If both USB and LAN cables are being used, guide both cables through the trench with one on top of the other.

Lift the scanner cover to release the lock (①).
 Gently push the scanner cover support down
 (②) and close the scanner cover (③).

Turn on the machine by connecting the power cord.

## **Installing the Driver & Software**

7

Turn on your computer. (For Windows<sup>®</sup> 2000 Professional/XP/ XP Professional x64 Edition, you must be logged on with Administrator rights.) Close any applications running before installing the MFL-Pro Suite.

## 🖉 Note

Before installation, if you are using Personal Firewall software, disable it.

8 Put the supplied CD-ROM into your CD-ROM drive. If the model name screen appears, choose your machine. If the language screen appears, choose your language.

S The CD-ROM main menu will appear. Click Install MFL-Pro Suite.

## 🖉 Note

- If this window does not appear, use Windows<sup>®</sup> Explorer to run the setup.exe program from the root folder of the Brother CD-ROM.
- If you see the following screen, click OK to install the Windows<sup>®</sup> updates. After the updates are installed your PC may restart. Then the installation will automatically continue.

INST32	x
⚠	Some Windows updates need to be installed before the MFL-Pro Suite installation. To install the updates dick OK.
	If prompted, click OK to complete installation.
	Note: The PC may restart. If it does the installe continue automatically.

If the installation does not continue automatically, open the main menu again by ejecting then reinserting the CD-ROM disc or double-click the **setup.exe** program from the root folder, and continue from step **9** to install the MFL-Pro Suite. **10** After reading and accepting the ScanSoft<sup>®</sup> PaperPort<sup>®</sup> SE License Agreement, click **Yes**.

# **Installing the Driver & Software**

**14** To install Presto!<sup>®</sup> PageManager<sup>®</sup>, click the **Presto! PageManager** icon and follow the on-screen instructions.

## Note

When Presto!<sup>®</sup> PageManager<sup>®</sup> is installed OCR capability is added to the Brother ControlCenter2. You can easily scan, share and organize photos and documents using Presto!<sup>®</sup> PageManager<sup>®</sup>.

Presto!<sup>®</sup> PageManager<sup>®</sup> has been installed and the installation is now complete.

# For Network Interface Users (DCP-540CN only) (For Mac OS<sup>®</sup> X 10.2.4 or greater)

#### Important

Make sure that you have finished the instructions from Step 1 Setting Up the Machine on pages 4-11.

1 Using both hands, use the plastic tabs on both sides of the machine to lift the scanner cover until it locks securely into the open position.

Connect the network cable to the LAN socket marked with a symbol. You will find the LAN socket inside the machine on the left as shown below.

3 Carefully guide the network cable to the trench as shown below, following the trench around and toward the back of the machine. Then, connect the cable to your network.

#### S Improper Setup

Make sure that the cable does not restrict the cover from closing, or an error may occur.

#### 🖉 Note

If both USB and LAN cables are being used, guide both cables through the trench with one on top of the other.

Lift the scanner cover to release the lock (①).
 Gently push the scanner cover support down
 (②) and close the scanner cover (③).

### 🖉 Note

6

Make sure that the machine is turned on by connecting the power cord.

- 5 Turn on your Macintosh<sup>®</sup>.
  - Put the supplied CD-ROM into your CD-ROM drive.

Double-click the **Start Here OSX** icon to install. Follow the on-screen instructions.

Please wait, it will take a few seconds for the software to install. After the installation, click **Restart** to finish installing the software.

The Brother software will search for the Brother device. During this time the following screen will appear.

## 🖉 Note

 If the machine is configured for your network, choose the machine from the list, and then click OK. This window will not appear if there is only one machine connected on the network, it will be chosen automatically. Go to step 9.

• If this screen appears click OK.

 Enter a name for your Macintosh<sup>®</sup> in Display Name up to 15 characters long and click OK. Go to step 9.

• If you want to use the machine's Scan key to scan over the network you must check the **Register** your computer with the "Scan To" function on the machine box. • The name you enter will appear on the machine's LCD when you press the **Scan** key and choose a scan option. (For more information, see Network Scanning in the Software User's Guide on the CD-ROM.)
