

Start Here

IMPORTANT

DO NOT connect the USB cable yet.

WARNING

Warnings tell you what to do to prevent possible personal injury.

Illustrations in this Quick Setup Guide are based on the DCP-195C.

Unpack the machine and check the components

1

Note

- The components of your box may differ depending on your country.
- Save all packing materials and the box in case for any reason you must ship your machine.
- Your machine has a USB interface that is compatible with the USB 2.0 specification.
- To ensure safe operation the supplied plug must be inserted only into a standard power outlet that is properly grounded through the standard electrical wiring. Non grounded equipment may cause an electrical shock hazard, and may cause excessive electrical noise radiation.

a. Remove the protective tape and film.

b. Remove the plastic bag ① containing the ink cartridges from on top of the paper tray.

c. Make sure you have all components.

CD-ROM

User's Guide

¹ Approx. 65% yield of the replacement cartridge. For details, see Consumable items in the User's Guide.

Australia & New Zealand

Hong Kong, Malaysia & Singapore

South Africa

Philippines & Thailand

The supplied mains plug is a grounded three pin plug.

The supplied mains plug is a side grounded two pin plug.

WARNING

Plastic bags are used in the packaging of your machine. To avoid danger of suffocation, please keep these bags away from babies and children.

Load plain A4 paper

2

a. Pull out the paper tray.

b. Lift the output paper tray cover ①.

Connect the power cord

3

a. Connect the power cord.

WARNING

The machine must be fitted with an earthed plug.

IMPORTANT

DO NOT connect the USB cable yet.

Note

The Warning LED on the control panel will stay on until you have installed the ink cartridges.

c. Press and slide the paper side guides ① and paper length guide ② to fit the paper size.

Make sure that the triangular marks ③ on the paper side guides ① and paper length guide ② line up with the mark for the paper size you are using.

IMPORTANT
DO NOT push the paper in too far.

d. Fan the stack of paper well.

e. Gently put the paper into the paper tray. Check that the paper is flat in the tray.

f. Gently adjust the paper side guides to the paper with both hands. Make sure the paper side guides touch the edges of the paper.

g. Close the output paper tray cover and slowly push the paper tray back into the machine.

h. Pull out the paper support ① until it clicks, and then unfold the paper support flap ②.

Set the language (not available for HongKong/Taiwan users)

4

a. When the LCD shows this message, press **OK**.

Select Language

Press OK Key

b. Press ▲ or ▼ to choose your language and press **OK**.

English

Select ▲▼ & OK

c. Press ▲ (Yes) to confirm the language setting.

Note

If you set the wrong language, you can change it again after setting the date and time. (For details see Changing LCD language in Chapter 3 of the User's Guide.)

Turn the sheet over.

For Windows®

Before you install

9

- a. Make sure that your computer is ON and you are logged on with Administrator rights.

! IMPORTANT

- DO NOT connect the USB cable yet.
- Close any applications.
- Make sure there are no memory cards or a USB Flash memory drive inserted.
- The screen may differ depending on the operating system.
- The supplied CD-ROM includes ScanSoft™ PaperPort™ 11SE*.
- This software supports Windows® 2000 (SP4 or greater), XP (SP2 or greater), XP Professional x64 Edition and Windows Vista®. Update to the latest Windows® Service Pack before installing MFL-Pro Suite.
- For Windows Vista®, when the User Account Control screen appears, click Allow.

*For Hong Kong/Taiwan users, CD-ROM includes Presto! PageManager instead of ScanSoft™ PaperPort™ 11SE.

Install MFL-Pro Suite

10

- a. Insert the supplied CD-ROM into your CD-ROM drive.
Choose your language.
- b. Click **Install MFL-Pro Suite**, and click **Yes** if you accept the license agreements.

Note

If the Brother screen does not appear automatically, go to **My Computer (Computer)**, double-click the CD-ROM icon, and then double-click **start.exe**.

Connect the USB cable

11

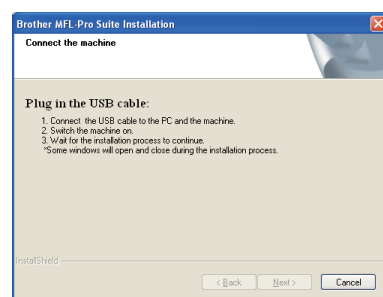

- a. Lift the scanner cover until it locks securely into the open position.

- b. Connect the USB cable to the USB socket marked with a symbol. The USB socket is inside the machine as shown.

- c. Follow the on-screen instructions until this screen appears:

- c. Carefully guide the USB cable into the cable channel and out the back of the machine. Connect the cable to your computer.

! IMPORTANT

- DO NOT connect the machine to a USB port on a keyboard or a non-powered USB hub. Connect the machine directly to your computer.
- Make sure that the cable does not restrict the cover from closing, or an error may occur.

- d. Lift the scanner cover to release the lock ①. Gently push the scanner cover support down ② and close the scanner cover ③.

- e. The installation will continue automatically. The installation screens appear one after another.

! IMPORTANT

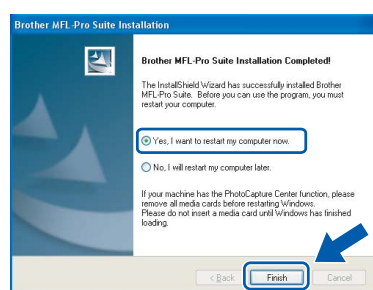

DO NOT cancel any of the screens. It may take a few minutes for installation to complete.

- f. When the **On-Line Registration** screen appears, make your selection and follow the on-screen instructions.

Finish and restart

12

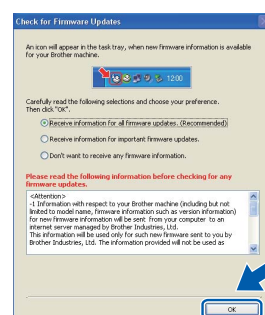

- a. Click **Finish** to restart your computer.

Note

If an error message appears during the software installation, run the **Installation Diagnostics** located in **Start/All Programs/ Brother/DCP-XXXX** (where DCP-XXXX is your model name).

- b. Choose the firmware update setting and click **OK**.

Note

Internet access is required for the firmware update.

Finish

The installation is now complete.

Note

XML Paper Specification Printer Driver
The XML Paper Specification Printer Driver is the most suitable driver when printing from applications that use the XML Paper Specification documents. Please download the latest driver by accessing the Brother Solutions Center at <http://solutions.brother.com/>.

Install Optional Applications supported by Reallusion, Inc

13

FaceFilter Studio lets you edit your photo data and add photo effects such as red eye reduction or skin tone enhancement.

! IMPORTANT

- The computer must be connected to the internet.
- The machine must be ON and connected to the computer.
- Make sure you are logged on with Administrator rights.

- a. Open the top menu again by ejecting and then reinserting the CD-ROM or by double-clicking the **start.exe** program from the root folder.

- b. The CD-ROM Top Menu will appear. Choose your language and then click **Additional Applications**.

- c. Click the **FaceFilter Studio** button to install.

Note

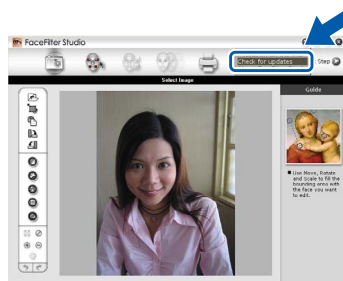

You can also install **BookScan&Whiteboard Suite** from the main menu.

Install FaceFilter Studio Help (For Hong Kong/Taiwan users, CD-ROM includes FaceFilter Studio Help)

14

- a. Go to **Start/All Programs/ Reallusion/ FaceFilter Studio** on your computer.

- b. Click the ? button on the upper right corner of the screen, and then click **Check for updates** to go to the Reallusion update web page.

- c. Click the **Download** button and choose a folder to save the file in.

- d. Close FaceFilter Studio, double-click the downloaded file from the folder you specified, and then follow the on-screen instructions to install.

Note

To view **FaceFilter Studio Help**, go to **Start/ All Programs/ Reallusion/ FaceFilter Studio/ FaceFilter Studio Help** on your computer.

For Mac OS X

Before you install

9

Make sure your machine is connected to the power and your Macintosh is ON. You must be logged on with Administrator rights.

! IMPORTANT

- Make sure there are no memory cards or a USB Flash memory drive inserted.
- For Mac OS X 10.3.0 to 10.3.8 users, upgrade to Mac OS X 10.3.9 - 10.5.x. (For the latest information for Mac OS X, visit <http://solutions.brother.com/>)

Connect the USB cable

10

- a. Lift the scanner cover until it locks securely into the open position.
- b. Connect the USB cable to the USB socket marked with a symbol. The USB socket is inside the machine as shown below.

- c. Carefully guide the USB cable into the cable channel and out the back of the machine.
- d. Connect the cable to your Macintosh.

! IMPORTANT

- DO NOT connect the machine to a USB port on a keyboard or a non-powered USB hub. Connect the machine directly to your Macintosh.
- Make sure that the cable does not restrict the cover from closing, or an error may occur.

- e. Lift the scanner cover to release the lock ①. Gently push the scanner cover support down ② and close the scanner cover ③.

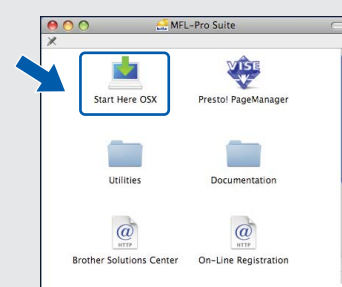

Install MFL-Pro Suite

11

- a. Insert the supplied CD-ROM into your CD-ROM drive.

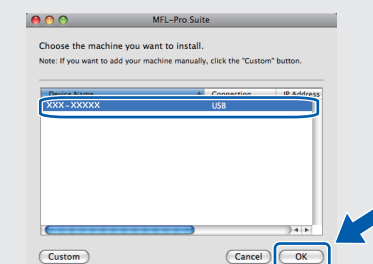

- b. Double-click the **Start Here OSX** icon.

Note

It may take a few minutes for installation to complete. After the installation, click **Restart**.

- c. Choose the machine from the list, and then click **OK**.

- d. Click **OK**.

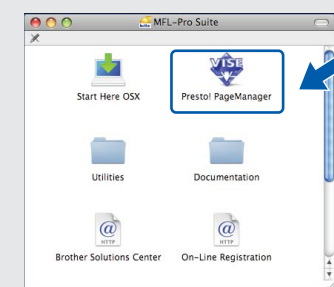

Install Presto! PageManager

12

When Presto! PageManager is installed, OCR capability is added to Brother ControlCenter2. With Presto! PageManager, you can easily scan, share and organize photos and documents.

- a. Double-click the **Presto! PageManager** icon and follow the on-screen instructions.

Finish

The installation is now complete.
