special conditions of use.

**Maintenance Sheet** 

**Telephone Line Cord** 

#### **WARNING**

Plastic bags are used in the packing of your machine. To avoid the danger of suffocation, keep these plastic bags away from babies and children. Plastic bags are not toys.

#### NOTE

- · Save all packing materials and the box in case for any reason you must ship your machine.
- For a network connection you must purchase a network interface cable. Please use the supplied USB cable for a USB connection.

#### **USB** cable

We recommend using a USB 2.0 cable (Type A/B) that is no more than 2 metres long.

#### **Network cable**

Use a straight-through Category5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.

# Load plain A4 paper

Pull the paper tray completely out of the machine.

Open the output paper tray

cover 1.

Fan the paper well and load it in the tray.

Pull out the paper support 1, and unfold the paper support flap 2

# Connect power cord and telephone line cord

If you are not using your machine as a fax, connect the power cord and go to 3

Connect the power cord. Lift the scanner cover.

Connect the telephone line cord. Use the socket marked LINE and guide the cord out the back of the machine.

## NOTE

If you are sharing one telephone line with an external telephone, connect it as shown below.

1. Extension telephone 2. External telephone

Close the scanner cover.

## Set your country

- 1. Press your country. Press OK.
- Press Yes or No.
- 3. After the LCD shows Accepted for a few seconds, the machine will restart automatically.

# Install introductory ink cartridges

Open the ink cartridge cover 1.

Follow the Touchscreen instructions to install the ink cartridges. The machine will prepare the ink tube system for printing.

### NOTE

You can adjust the angle of the control panel by lifting it.

# **Machine Settings**

When the machine has finished the initial cleaning process, follow the Touchscreen instructions to configure the machine settings.

- Check print quality Set date and time
- View operation tips
- · Print the installation sheet

# Connect to your device and install software

#### For Wireless Networks

To connect additional computers, repeat Method A for each computer.

### Method A Setup from the computer

Make sure that you are logged on with Administrator rights.

Put the CD-ROM into your CD-ROM drive. If you do not have a CD-ROM drive, download the software at:

For Windows®: solutions.brother.com/windows For Macintosh: solutions.brother.com/mac

Follow the on-screen instructions to continue installation.

A USB cable may be needed in some cases.

#### Method B Manual setup using the Setup Wizard

#### ■ Set up your machine

1. Write your wireless access point/router information in the area below. This information may be hidden on the bottom of the wireless access point/router. If you cannot find it, ask your network administrator or wireless access point/router manufacturer.

2. Press wifi on your Brother machine's Touchscreen, and then press Setup Wizard.

When Switch Network interface to wireless? is displayed, press Yes.

- 3. Select the SSID you wrote down in 1. Press OK.
- If the machine prompts you to enter a Network Key, enter the key you wrote down in 1. Press OK.
- **5.** Press Yes to apply your settings.

## ■ Install Brother iPrint&Scan

You can print from and scan to mobile devices using our free application "Brother iPrint&Scan." Download and install the application from solutions.brother.com/ips.

Make sure that you are logged on with Administrator

Put the CD-ROM into your CD-ROM drive. If you do not have a CD-ROM drive, download the software at: For Windows®: solutions.brother.com/windows For Macintosh: solutions.brother.com/mac

Finish

**Finish** 

Follow the on-screen instructions to continue installation.

## **For Wired Networks**
