MFC-J2320
Quick Setup Guide

Read the Product Safety Guide first, then read this Quick Setup Guide for the correct installation procedure.

| ⚠ **WARNING**	WARNING indicates a potentially hazardous situation which, if not avoided, could result in death or serious injuries.
NOTE	NOTE specifies the operating environment, conditions for installation, or special conditions of use.

Unpack the machine and check the components

1. Remove the protective tape and film covering the machine, and also from the Touchscreen.

2. Make sure you have all components.
   The components included in the box may differ depending on your country.

CD-ROM

Maintenance Sheet

Power Cord

USB Interface Cable

Telephone Line Cord

Paper Stopper

⚠ WARNING

Plastic bags are used in the packing of your machine. To avoid the danger of suffocation, keep these plastic bags away from babies and children. Plastic bags are not toys.

NOTE
- Save all packing materials and the box in case for any reason you must ship your machine.
- For a network connection you must purchase a network interface cable. Please use the supplied USB cable for a USB connection.
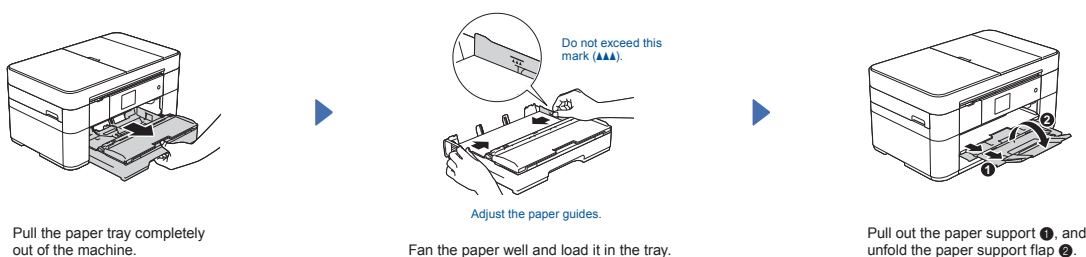

USB cable
We recommend using a USB 2.0 cable that is no more than 2 metres long.
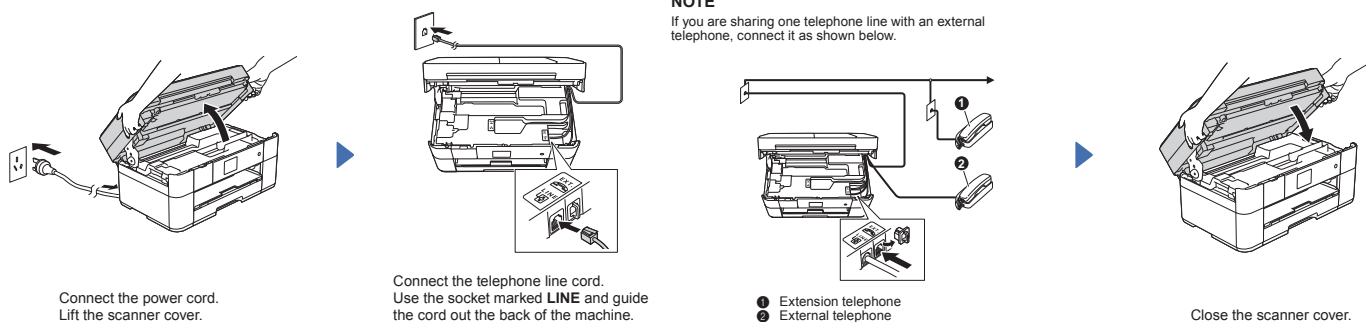

Network cable
A network interface cable is not included. If you want to use a network interface cable, please purchase one separately.
Use a straight-through Category5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.

---

1 Load plain A4 paper

Do not exceed this mark (▲▲▲).

Pull the paper tray completely out of the machine.

Adjust the paper guides.
Fan the paper well and load it in the tray.

Pull out the paper support ❶, and unfold the paper support flap ❷.

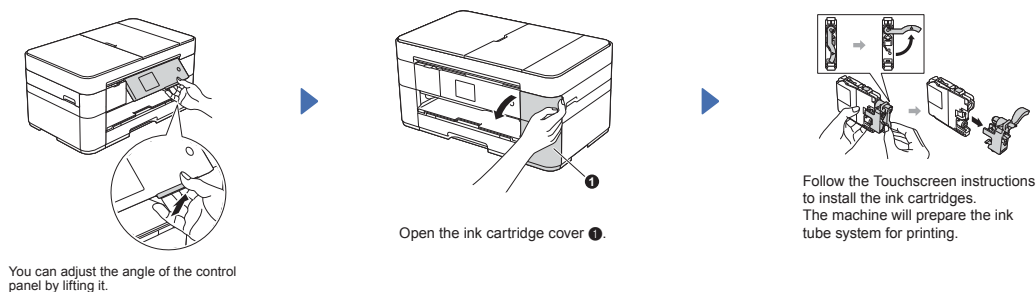

2 Connect power cord and telephone line cord

If you are not using your machine as a fax, connect the power cord and go to ③.

NOTE
If you are sharing one telephone line with an external telephone, connect it as shown below.

Connect the power cord.
Lift the scanner cover.

Connect the telephone line cord.
Use the socket marked **LINE** and guide the cord out the back of the machine.

❶ Extension telephone
❷ External telephone

Close the scanner cover.

---

3 Install introductory ink cartridges

You can adjust the angle of the control panel by lifting it.

Open the ink cartridge cover ❶.

Follow the Touchscreen instructions to install the ink cartridges.
The machine will prepare the ink tube system for printing.

---

4 Machine Settings

When the machine has finished the initial cleaning process, follow the Touchscreen instructions to configure the machine settings.
- Check print quality
- Set date and time
- Print the installation sheet
