

Unpack the machine and check the components

1. Remove the protective tape and film covering the machine, and also from the Touchscreen.
2. Make sure you have all components.  
The components included in the box may differ depending on your country.

WARNING

Plastic bags are used in the packing of your machine. To avoid the danger of suffocation, keep these plastic bags away from babies and children. Plastic bags are not toys.

NOTE

Save all packing materials and the box in case for any reason you must ship your machine.

USB cable

- Please use the supplied USB cable for a USB connection.
- We recommend using a USB 2.0 cable (Type A/B) that is no more than 2 metres long.

1 Load plain A4 paper

2 Connect power cord

3 Install introductory ink cartridges

**NOTE**  
You can adjust the angle of the control panel by lifting it.

4 Machine Settings

When the machine has finished the initial cleaning process, follow the Touchscreen instructions to configure the machine settings.

- Check print quality
- Set date and time
- Print the installation sheet

## Mobile

Go to **6 For Wireless Networks Method B**

## Wireless Network

Go to **6 For Wireless Networks Method A or Method B**

## USB

Go to **6 For USB Connections**

## Connect to your device and install software

## For Wireless Networks

To connect additional computers, repeat Method A for each computer.

## Method A Setup from the computer

Make sure that you are logged on with Administrator rights.

Put the CD-ROM into your CD-ROM drive. If you do not have a CD-ROM drive, download the software at:  
For Windows®: [solutions.brother.com/windows](http://solutions.brother.com/windows)  
For Macintosh: [solutions.brother.com/mac](http://solutions.brother.com/mac)

Follow the on-screen instructions to continue installation.

A USB cable may be needed in some cases.

**Finish**

## Method B Manual setup using the Setup Wizard

## ■ Set up your machine

- Write your wireless access point/router information in the area below. This information may be hidden on the bottom of the wireless access point/router. If you cannot find it, ask your network administrator or wireless access point/router manufacturer.

SSID (Network Name)	
Network Key (Password)	

- Press **WiFi** on your Brother machine's Touchscreen, and then press Setup Wizard. When **Enable WLAN?** is displayed, press **Yes**.
- Select the SSID you wrote down in 1. Press **OK**.
- If the machine prompts you to enter a Network Key, enter the key you wrote down in 1. Press **OK**.
- Press **Yes** to apply your settings.

## ■ Install Brother iPrint&amp;Scan

You can print from and scan to mobile devices using our free application "Brother iPrint&Scan." Download and install the application from [solutions.brother.com/ips](http://solutions.brother.com/ips).

**Finish**

## ■ Install MFL-Pro Suite

Make sure that you are logged on with Administrator rights.

Put the CD-ROM into your CD-ROM drive. If you do not have a CD-ROM drive, download the software at:  
For Windows®: [solutions.brother.com/windows](http://solutions.brother.com/windows)  
For Macintosh: [solutions.brother.com/mac](http://solutions.brother.com/mac)

Follow the on-screen instructions to continue installation.

**Finish**

## For USB Connections

## ■ Install MFL-Pro Suite
