**Power Cord** 

Telephone Line Cord

(MFC-T810W only)

#### **USB** cable

installation disc.

NOTE

We recommend using a USB 2.0 cable (Type A/B) that is no more than 2 metres long.

• The Reference Guide for these models is available on the enclosed

• The illustrations in this Quick Setup Guide show the MFC-T810W.

cable. A USB cable is included with your machine.

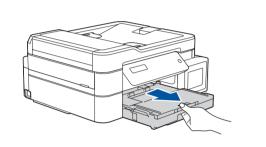

• Save all packing materials and the box in case you must ship your machine. · For a network connection you must purchase a network interface

Ethernet (Network) cable (MFC-T810W only) Use a straight-through Category 5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.

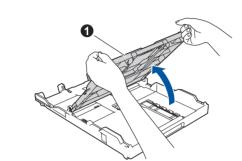

**Secure Network Access** Your machine's default password is on the label on the back of the machine (preceded by "Pwd").

We strongly recommend you change it to protect your machine from unauthorised access.

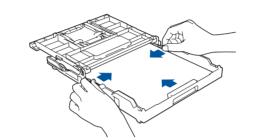

### Load paper in the paper tray

Pull the paper tray completely out of the machine.

Open the output paper tray cover 1.

Adjust the paper guides.

Fan the paper well and load it in the tray with the printing surface down.

Close the output paper tray cover, and then slowly push the tray completely into the machine.

#### NOTE

Pull out the paper support 1, and unfold the paper support flap 2 so that the printed pages do not fall.

# **Connect the power**

Connect the power cord. The machine will power on automatically.

## Set the date and

#### For DCP models:

Press ▲ or ▼ to select the number, and then press **OK** to set the date and time.

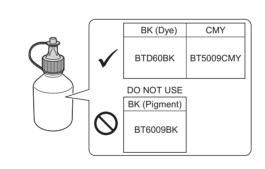

#### For MFC model:

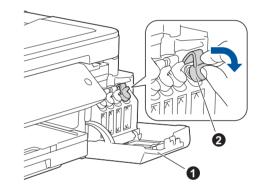

Follow the prompts displayed on the LCD to set the date and time.

### Fill the ink tanks with the inbox ink

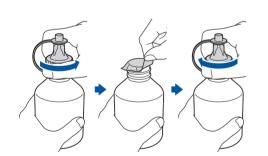

#### **IMPORTANT**

Check the ink bottle model name on the label. Incorrect ink may cause damage to the machine.

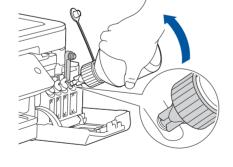

Open the ink tank cover 1 and pull the tab 2 downwards to open the cap of the ink tank.

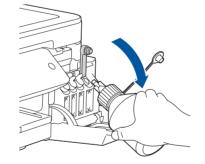

Remove the cap and protective film from the ink bottle, and then replace the cap.

#### NOTE

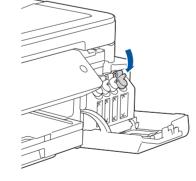

Fasten the ink bottle cap tightly to avoid leakage.

Remove the tip of the ink bottle. Insert the nozzle of the ink bottle firmly so that the ink does not spill. Fill the ink tank by gently squeezing the bottle as shown. Empty the entire bottle into the ink tank.

Point the nozzle upward so that the ink does not spill, and then remove the nozzle from the ink tank.

Push down on the cap of the ink tank to close it tightly. Repeat step 5 for the three other ink tanks.

Close the ink tank cover. The machine will prepare the ink tube system for printing.

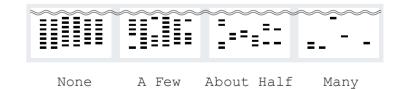

### **Machine settings**

When the machine has finished the initial cleaning process, follow the steps on the LCD to configure the machine settings.

Check print quality

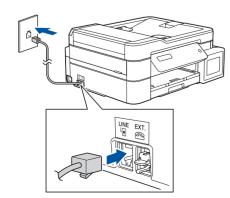

#### NOTE

Refer to the sample below to check the print quality.

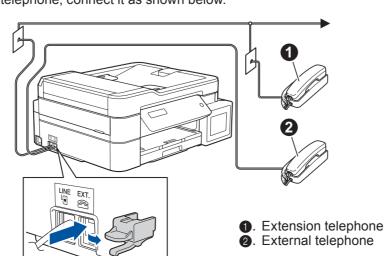

#### Connect the telephone line cord (MFC-T810W only) If you are not using your machine as a fax, go to 8

Connect the telephone line cord. Use the socket marked LINE.

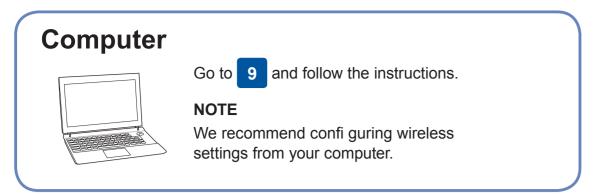

#### NOTE

If you are sharing one telephone line with an external telephone, connect it as shown below.

### Select a device to connect to your machine

9

### **Connect your computer**

Put the installation disc into your CD/DVD drive, or download the Full Driver & Software Package at:

#### www.95105369.com

If you are using a recently released operating system on your computer, visit the above websites for updated driver and software information.

Follow the on-screen instructions and prompts.

For Windows®:

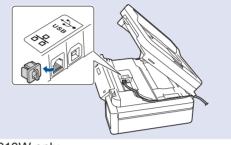

If the Brother screen does not appear automatically, go to Computer (My Computer/This PC). Double-click the CD/DVD-ROM icon, and then double-click start.exe.

For Mac:

For full driver functionality, we recommend choosing the **CUPS driver** when adding a printer.

For Wired Network Connection\* and USB Connection:

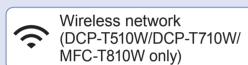

Locate the correct port (based on the cable you are using) inside the machine as shown.

(MFC-T810W only)

USB connection

Restart your wireless access point/router (if possible).

Disconnect the cable.

Restart your machine and computer, and then go to 9.

If still not successful, go to 10

Brother regularly updates firmware to add features and apply bug fixes.

To check for the latest firmware, visit <u>support.brother.com/up4</u>.

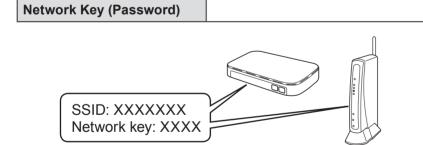

If still not successful, visit <a href="https://www.95105369.com">www.95105369.com</a> for FAQs and Troubleshooting.

**SSID (Network Name)** 

# Alternative wireless setup (DCP-T510W/DCP-T710W/MFC-T810W only)

Find your SSID (Network Name) and Network Key (Password) on your wireless access point/router and write them in the table provided below.

If you cannot find this information, ask your network administrator or wireless access point/router manufacturer.

- 1. Press Menu.
- Press ▲ or ▼ to select
   [Network], and then
   press OK.
- 3. Press ▲ or ▼ to select [WLAN], and then press OK.
  - 4. Press ▲ or ▼ to select [Setup Wizard], and then press OK.

Select the SSID (Network Name) for your access point/router and enter the Network Key (Password). For more information, see *Enter Text on Your Brother Machine* in the *Online* 

User's Guide.

When the wireless setup is successful,

the LCD displays [Connected].

If setup is not successful, restart your Brother machine and your wireless access point/router, and repeat 10.

For Computer

For Mobile Device

Go to 9 to install software.

Go to 11 to install apps.

# Print or scan using your mobile device (DCP-T510W/DCP-T710W/MFC-T810W only)

Your mobile device must be connected to the same wireless network as your Brother machine.

AirPrint is available for all supported iOS devices including iPhone, iPad, and iPod touch. You do not need to download any software to use AirPrint. For more information, see the *Online User's Guide*.

Search Mopria from the search engine you use, then download and install the Mopria<sup>®</sup> Print Service app using your Android<sup>™</sup> device.

Download and install our free application **Brother iPrint&Scan**.

Read the two-dimensional code (or visit <a href="https://www.95105369.com">www.95105369.com</a>), click **iPrint&Scan** from the mobile application menu on the right-lower corner to enter the download page.

#### Optional apps

You can print from and scan to your mobile device using various apps.

For instructions, see the *Online User's Guide*.
