NOTE:

- The components included in the box may differ depending on your country.
- The available connection interfaces vary depending on the model. If you use a wired connection, you must purchase the correct cable for the interface you want to use.
 - **USB cable**
We recommend using a USB 2.0 cable (Type A/B) that is no more than 2 metres long.
 - **Network cable (for wired network models only)**
Use a straight-through Category 5 (or greater) twisted-pair cable.
- The screens and images in this *Quick Setup Guide* show the MFC-L2885DW.
- Save all packing materials and the box in case you must ship your machine.

1 Remove the packing materials and install the toner cartridge and drum unit assembly

2 Load paper in the paper tray

3 Connect the power cord and turn the machine on

4 Select your country/language (Initial setup only)

After turning the machine on, you may be required to set your country or language (depending on your machine).
