Lock the Machine Settings from the Control Panel

Use the Setting Lock feature to block unauthorized access to machine settings. When Setting Lock is set to On, you cannot access the machine settings without entering the password.

Before turning on the machine's Setting Lock, write down and save your password. If you forget the password, you must reset all passwords stored in the machine by contacting your administrator or Brother Customer Service.

- **Set the Setting Lock Password**

- **Change the Setting Lock Password**

- **Turn On Setting Lock**

Set the Setting Lock Password

1. Press **Settings**.
2. Press ▲ or ▼ to make your selections:
   a. Select `[General Setup]`. Press **OK**.
   b. Select `[Setting Lock]`. Press **OK**.
3. Enter a four-digit number for the password.
4. Press **OK**.
5. When the LCD displays `[Verify]`, re-enter the password.
6. Press **OK**.
7. Press **Stop/Exit**.
