Quick Setup Guide

DCP-L8630CDW

EN

Read the *Product Safety Guide* first, then read this *Quick Setup Guide* for the correct installation procedure.

## Unpack the machine and check the components

* Installed in the machine

Drum Unit*

Waste Toner Box*

Belt Unit*

Toner Cartridges*
(Black, Cyan, Magenta, and Yellow)

AC Power Cord

USB Interface Cable

**Quick Setup Guide Product Safety Guide**

NOTE:
• Use the appropriate interface cable for the connection you want to use. (Network cable is not a standard accessory.)
  - **USB cable**
    We recommend using a USB 2.0 cable (Type A/B) that is no more than 2 metres long.
  - **Network cable**
    Use a straight-through Category 5e (or greater) twisted-pair cable.
• Save all packing materials and the box in case you need to ship your machine.

**1** Remove packing materials from the toner cartridge and drum unit assembly
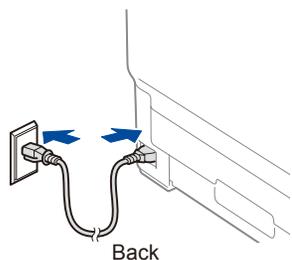

Remove all blue tape and orange parts.

---

2 Remove packing materials from the fuser unit

Back

---

3 Load paper in the paper tray

Remove packing materials.

Adjust the paper guides.

Do not exceed this mark.

1

4 Connect the power cord and turn the machine on

NOTE:
Before connecting the power cord, locate the Serial Number and password (marked "Pwd:") label on the back or side of the machine. Record them for future use.

5 Connect your computer or mobile device to your machine

Follow these steps to complete the setup using one of the connection types available on your machine.

Visit setup.brother.com to download and install Brother software.

setup.brother.com

▶ **Follow the on-screen instructions and prompts.**
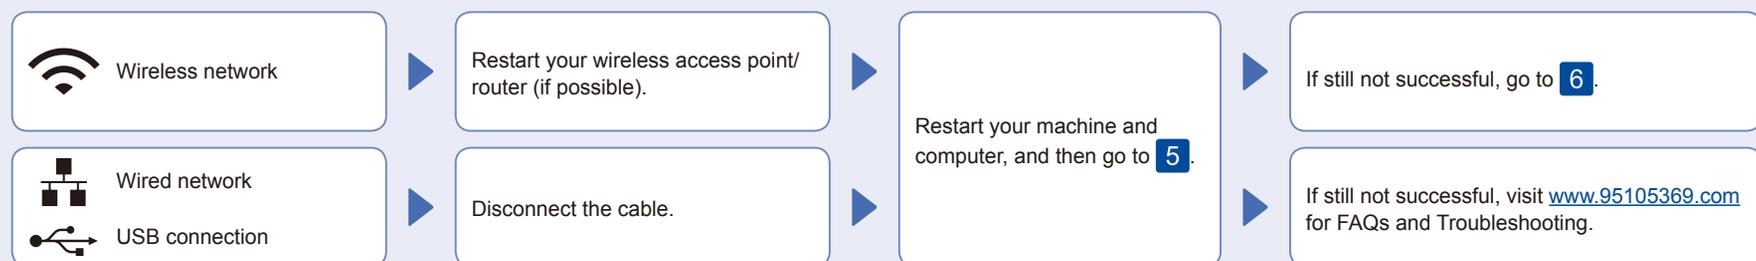

▶ **Setup Finished**

You can now print and scan using your machine.

Important Notice for Network Security:
We recommend immediately changing the default password to protect your machine from unauthorised access.

Can't Connect? Check the following:

|			
Wireless network	▶ Restart your wireless access point/router (if possible).		If still not successful, go to 6 .
Wired network / USB connection	▶ Disconnect the cable.	▶ Restart your machine and computer, and then go to 5 . ▶	If still not successful, visit www.95105369.com for FAQs and Troubleshooting.

6 Manual wireless setup (for wireless models only)

If the wireless setup is not successful, try to set up the connection manually.
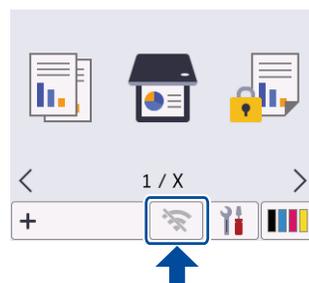

Find your SSID (Network Name) and Network Key (Password) on your wireless access point/router and write them in the table provided below.

SSID (Network Name)	
Network Key (Password)	

SSID: ●●●●●
Network Key: ●●●●●

If you cannot find this information, ask your network administrator or wireless access point/router manufacturer.

Press 🛜 > [Find Wi-Fi Network]. Follow the Touchscreen instructions.

1 / X

Select the SSID (Network Name) for your access point/router and enter the Network Key (Password).

When the wireless setup is successful, the Touchscreen displays [Connected].

▶ Go to 5 to install software.

If setup is unsuccessful, restart your Brother machine and your wireless access point/router, and repeat 6 .
