TZO TAPE P-touch

PT-D200/E200 User's Guide English

With your PT-D200/E200, you can create labels for multiple applications. Select from the many frames, character sizes and styles to design beautiful custom labels. In addition, the variety of tape cartridges available allows you to print labels with different widths and exciting colors.

Read this manual carefully before starting and keep the manual in a handy place for future reference.

Printing Labels

You can preview the text before printing.

The print preview is a generated image of the label, and may differ from the actual label when printed.

· When the LCD cannot display all the text at a time, press \bigcirc / \bigcirc to display the hidden text.

Feeding (Tape Feed)

1 + ®

(≞) → [Copies:] <</>
/ >> [7] - [7] →

 If you need only 1 copy of the label, press or without selecting the number of copies.

 The number of copies can also be specified by pressing a number key. • To prevent damage to the tape, do not touch the cutter lever

while the message "Printing..." or "Feeding..." is displayed. · To cut off the label, push in the tape cutter lever on the upperright corner of the machine.

 To remove the backing, fold the label lengthwise with the text facing inward, to expose the inside edges of the backing. Peel off the backing one piece at a time and apply. · You can print up to 9 copies of each label

▶ Using Print Options (🔂 + (□))

[Numbering] You can print many copies of the same text while increasing a selected number by 1 after each label is printed Example: To print copies of a label containing a serial number (0123, 0124 and 012
