Installing the Software and Printer Driver

Installing the P-touch Editor and Printer Driver

The procedure for installing the software varies depending on the OS of the computer. Installation procedure is subject to change without notice.

- Do not connect the printer to the computer until directed to do so.**
- The installation procedure may change depending on the Operating System on your PC. Windows Vista® is shown here as an example.
- For details of the software, see the "Software User's Guide" (PDF).
- You can find the "Software User's Guide" (PDF) by clicking [Start] - [All Programs] - [Brother P-touch] - [Manuals] - [P-touch] - [Software User's Guide].

1 Start the computer and put the CD-ROM into the CD-ROM drive.

2 Select the desired language, and click the type of setup you prefer.

Standard: All features (P-touch Editor and the Printer driver) will be installed (default).

Custom: You can specify which features to install. Recommended for advanced users.

3 Read the license agreement carefully. If you agree with the terms and conditions of the license agreement, click [Yes] to continue the installation. Follow the on-screen instructions.

4 Select the Microsoft® Office application(s) you would like to use the Add-In functions with, and click [Next]. (The Add-In function will let you create labels directly from your Microsoft® Office applications.) Follow the on-screen instructions.

5 Select the desired model, and then click [OK]. Follow the on-screen instructions of the driver installation.

6 When instructed, connect your printer to the computer by using the USB cable, and then turn on the printer.

7 Once the printer is detected, the driver will automatically be installed.

8 When instructed to register your printer online, select a registration method and click [Next]. If you have selected to register the product online, your default internet browser will be launched in a new window. Follow the instructions to register your printer.

9 Click [Finish]. The software installation is now complete. Restart your computer if you are instructed to do so.

10 Start the software. Click [Start] - [All Programs] - [Brother P-touch] - [P-touch Editor 5.0] to start P-touch Editor 5.0.
